AGNES SCOTT COLLEGE

The purpose which has prevailed at Agnes Scott since its foundation has been to offer the very best educational advantages under positive Christian influences—the training and furnishing of the mind in a modern, well-equipped college, and at the same time the formation and development of Christian character and ideals. Along with these ends, it is constantly sought to cultivate true womanliness, a womanliness which combines strength with gentleness and refinement. It is thus the aim of the College to send out educated Christian women to be a power in blessing the world and glorifying God.

The College was founded by Presbyterians, and hence its moral standards and religious life conform as nearly as possible to those which obtain in that church. Special care, however, is taken not to interfere in any way with the religious views or church preferences of students.

The College offers only the B.A. degree. There are, however, optional courses leading to this degree, thus giving the opportunity for each student to elect a course most in accord with her special talent and plans.

ADMISSION OF STUDENTS

The College seeks candidates of ability. Realizing that ability may be developed by a program different from the one outlined below, the Board of Admissions is glad to consider candidates who do not entirely meet these requirements but who, after investigation, are found to be capable of doing college work of high quality. Such candidates are invited to write to the Board of Admissions for detailed instructions.

As evidence of excellence of preparation, general ability, character and personality, the College is guided in its choice of students by: (1) certificate or examination, (2) scholastic aptitude tests, (3) recommendation from secondary school, (4) satisfactory health record.

STANDING TO WHICH STUDENTS ARE ADMITTED

I. *Freshmen*. Candidates are admitted as freshmen upon the presentation of sixteen acceptable units. The following are regularly prescribed: English 4, Algebra 2, Plane Geometry 1, either Latin 3, or Latin 2 plus modern language 2.

Elective units may be presented in Latin, Greek, French, German, Spanish; history, including civics and social science; mathematics; biology, botany, zoology, chemistry, physics, general science, geography; music; Bible. One vocational unit may be offered, or two in exceptional cases of superior preparation in prescribed subjects by students of unusual promise. Not fewer than two units will be accepted in a language, and not more than four units may be offered in any one department.

Although only two units in Latin are prescribed, three or four units in this subject will give better preparation for college work.

II. *Special Students*. A limited number of sufficiently ma-

ture students who do not present acceptable entrance units and who are not candidates for the degree may be admitted to classes for which they are prepared.

III. *Advanced Standing.* A few students are admitted each year from other institutions to courses above the freshman grade. Each applicant must present a transcript of her college work, a copy of the college catalogue, and a letter of honorable dismissal. The Advanced Standing Committee makes a careful study of this material and determines the amount of credit and the method by which it may be secured. Applicants for advanced standing must have received a merit grade on at least one-half of the hours presented for advanced credit.

Except in very unusual cases, candidates for the degree must complete the work of the junior and senior years in this college.

APPLICATION FOR ADMISSION

I. *Formal Application.* Admission forms will be furnished upon request. The application must be accompanied by a registration fee of \$25, preferably in New York exchange or Postal Money Order. If by local check the usual clearing house collection charges should be added. Room reservation will not be made until this fee is paid.

The above fee is credited on the September payment. If for any reason the student finds it impossible to attend Agnes Scott and asks for the return of her fee, the request will be granted provided it reaches the College on or before June 30th, prior to the opening of the session. After that date it will not be returned unless the preparation of the applicant is insufficient or unless the College finds it impossible to admit her.

II. *Preliminary Certificates.* Applicants are urged to send in their certificates as early as the junior year in preparatory school if possible. This will enable the College to evaluate credits and offer helpful advice on subsequent preparation.

METHODS OF ADMISSION

I. *By Certificate.* The College will accept certificates from preparatory schools on the accredited list of the Southern Association of Colleges and Secondary Schools, or from any school accredited by other college associations of equal standing, in so far as such certificates show the entrance requirements to have been duly satisfied not more than two years prior to the candidate's application for admission. The certificate privilege is granted to schools only and not to private instructors.

II. *By Examination.* Candidates who are unable to present satisfactory certificates may be admitted by examination, provided they have taken the required units under capable instruction.

Examinations for admission are usually given in the spring. They may be taken at the College or by special arrangement at local schools. Applications for examinations away from the College should be filed with the Registrar by May 1st of each year. The fall examinations are held only at the College. Spaces in the dormitories will not be held for students whose entrance depends on fall examinations.

DESCRIPTION OF ENTRANCE SUBJECTS

ENGLISH

The requirement in English is designed to develop the ability (a) to understand and enjoy good literature of various types and periods, and (b) to think clearly and express oneself effectively in writing.

LITERATURE.—The student will be expected to have a comprehension and appreciation of the content and form of some of the masterpieces in drama, poetry and the principal types of prose (narrative, essay and biography). She will be expected to discuss these works with sufficient maturity of grasp, with a proper use of the simpler critical distinctions involved, and with a general knowledge of the relevant background, personal, historical and literary.

COMPOSITION.—Writing is “a thinking out into language.” The student must show a reasonable maturity of thought and the ability to organize and present her ideas clearly in terms of sentence, paragraph and whole composition. Consistent correctness in the fundamentals of writing (including grammar) is assumed. Competence in composition can be achieved only by long, regular and frequent practice in theme writing and revision under expert criticism. It is more often in composition than literature that the prospective college student is deficient.

FOREIGN LANGUAGES**ANCIENT LANGUAGES**

Students offering either Latin or Greek should have a thorough knowledge of all regular inflections and of the common irregular forms; familiarity with the ordinary syntax, vocabulary and idiom of the authors read and ability to use this knowledge in writing the language and in translation at sight. The subject matter of the authors read, literary and historical allusions and background material in general should receive careful attention. The texts to be read are not definitely specified.

I. **LATIN** (two, three, or four units). It is advised that at least one semester be devoted (1) in the second year to selections from Caesar, (2) in the third year, if prose is read, to at least three orations of Cicero, (3) in the fourth year, if poetry is read, to at least three books of Virgil's Aeneid. The amount of prepared reading in poetry should be the equivalent of six books of the Aeneid. This study should be accompanied by training in prosody; the student should be familiar with hexameter and have practice in reading verse rhythmically. The Aeneid should be studied as literature.

II. **GREEK** (two or three units). Any systematic course which develops the ability to translate at sight passages of simple Attic prose and of Homer, and to write simple Greek. To meet the two unit requirement the student should read the first four books of Xenophon's Anabasis or its equivalent. To meet the three unit requirement, the first three books of Homer's Iliad (omitting II, 494 to end) or the equivalent. Mastery of Homeric constructions, forms and prosody and

practice in reading Homeric verse rhythmically are essential. A study of the Iliad as literature and of Homeric life should accompany the language study.

MODERN LANGUAGES

(FRENCH, GERMAN, SPANISH)

Since the foreign idiom is largely the language of the college classroom it is essential that training in accurate writing and translation be accompanied by oral and aural practice and that the texts studied contribute to a knowledge of the geography, history, institutions, and customs of the country.

1. *First and second years* (two units). At the end of the second year the student should be able to pronounce intelligibly, to read at sight easy prose, to use the language orally within the limits of her classroom experience, and to write the language within the limits of her active vocabulary.

2. *Third year* (one unit). Further development of speed and range of ability to read, understand, speak and write the language with better control of vocabulary and idiomatic usage.

3. *Fourth year* (one unit). At the end of the fourth year the student should be able to read and comprehend the foreign text without translation into English, to write a theme in the foreign language on subjects suggested by the texts studied, to carry on a simple conversation in the foreign language. Increased emphasis should be put on the cultural background by collateral reading and reports.

Suggested ways of realizing these objectives:

1. Intensive study of brief passages in order to understand

each word, to organize grammatical knowledge, to build an active vocabulary.

2. Silent reading for comprehension without translation.
3. Reading the foreign text aloud.
4. Writing from dictation.
5. Reproduction orally and in writing of portions of the text read.
6. Memorizing songs and simple poems.
7. Listening to phonographic records recorded by a native.

MATHEMATICS

MINOR REQUIREMENT. Three units.

Algebra, two units.—The requirement includes the four fundamental operations for rational algebraic expressions; factoring; fractions; ratio and proportion; linear equations, containing one or more unknowns, with either numerical or literal coefficients; exponents, including fractional and negative; quadratic equations, including the theory; systems involving quadratic and higher equations; binomial theorem for positive integral exponents; arithmetical and geometrical progressions; and variations. The use of graphical methods and illustrations, particularly in connection with the solution of equations, is required.

Plane Geometry, one unit.—The usual theorems and constructions of good textbooks including the general properties of plane rectilinear figures, the circles and the measurement of

angles, similar polygons, areas, loci problems, and applications to the mensuration of lines and plane surfaces.

MAJOR REQUIREMENT. Four units.—To meet this requirement the candidate must present the work as given under the minor requirement and in addition the following:

Solid Geometry, one-half unit.

Plane Trigonometry, one-half unit.

NOTE.—It is recommended that a review of both algebra and plane geometry be taken during the year before entrance to college.

HISTORY

The following subjects may be counted for entrance in history:

a. Greek History to the death of Alexander, and Roman History to 800 A.D., or Ancient and Medieval History.

b. Medieval and Modern European History, or Modern European History.

c. World History.

d. English History.

e. American History.

f. Civics, one unit, or one-half unit if preceded by a history course.

g. Social Science, as much as one unit.

The total entrance credit in history, civics, and social science may not exceed four units.

SCIENCE

The student may offer one, two, three, or four units in the following. Each represents a year's study, and should include a large amount of laboratory work. This should be directed by a competent instructor and records made in a notebook, while in the field or laboratory. Experiments must be checked or certified to by the instructor. In doubtful cases the notebook will be called for.

- a. *Physics*, one unit.
- b. *Chemistry*, one unit.
- c. *Botany*, one unit.
- d. *Zoology*, one unit.
- e. *Biology*, one unit. Not accepted in addition to botany or zoology.
- f. *Geography*, one unit.
- g. *General Science*, one unit.
- h. *Home Economics*, one unit.

MUSIC

One unit in the elective group may be offered in Music by *examination only*. This examination covers theory and instrumental proficiency. The preparation for it may not be done in College for College admission. For details of the requirements, see Department of Music. The examination may be taken only at the College. Students are not advised to try for this unit unless they have had unusual musical training.

BIBLE

In order to encourage the study of the Bible in preparatory schools, the College will accept, in the elective group, *one unit* under the following conditions:

(1) The applicant must come from a school giving a thorough course in either the Old Testament or the New Testament, or the Old and New Testaments combined, covering a full academic year and occupying approximately one-fourth of the student's time for the year.

(2) The outline of the course, methods of instruction, and a report of the student's work must be submitted to the College Department of Bible for approval before credit is granted.

NOTE: A more detailed description of entrance subjects may be secured by writing to the College Entrance Examination Board, New York City, and asking for the pamphlet: *Definition of Requirements*.

CURRICULUM

Administration of the Curriculum

REGISTRATION

Students report first to the Treasurer's office, where all financial affairs are arranged; a card to this effect is furnished them for presentation to the Registrar's office, where they are registered and given their matriculation cards. They then meet with the appropriate committees for classification.

Students are required to report to the Registrar's office after the Christmas holidays before attending classes.

NOTE.—If, for any cause, a student fails to register in time to attend her first scheduled lecture at the beginning of a quarter, she is charged a fee of \$5.00 for late registration. This rule, which is automatic as outlined above, is also applied to students returning late from vacations, unless their excuses are approved by the Dean.

CLASSIFICATION

Students are expected to make themselves thoroughly familiar with the plan of the curriculum and to arrange their courses so as to conform with its demands. By so doing they will greatly reduce the necessarily arduous work of the committees.

First year students present their cards to the Committee on Admission, and their courses are selected with the advice of this Committee. On or before April 15th, all students at that time in residence are required to file with the Registrar tentative statements of their courses for the next ensuing year. These programs are reviewed by the Committee on Electives and

approved or revised. The cards, with the courses entered upon them in due form, are obtained from the Committee in the fall, presented to the professors of the subjects, and, when they have been properly signed, returned to the Registrar's office.

After a course has been agreed upon by the student, with the advice of the Committee on Admission or the Committee on Electives, no change will be permitted, unless the question of the student's health be involved. All students must be definitely classified within two weeks after their arrival at the College.

CLASS ATTENDANCE

Students are required to attend classes regularly and promptly in accordance with regulations of the cut system announced at the beginning of the session. Absence without due excuse results inevitably in the lowering of the student's standing. Professors are authorized to require students to make up work by taking written tests covering the periods lost through absence, whether the absence be excused or unexcused.

EXAMINATIONS

1. General examinations are held at the end of each quarter. Failure to attend any of these examinations, for any cause other than sickness, results in the dropping of the delinquent from the student body. In case of absence from examination because of sickness, the student will be given an opportunity to take the examination in question at the regular time set for re-examinations. (See below.)

2. Re-examinations are allowed in the case of conditional failure. These examinations are given in the first week of each quarter. Those failing in a re-examination are required to

repeat the course in question or forfeit the credit. In no case will more than one re-examination be allowed in the same subject.

In case of unconditional failure in a subject no re-examination will be allowed.

3. If a student finds it necessary to apply for an examination at any other time than that announced in the regular schedule, or arranged for by the professor involved, written application explaining fully the reasons for the request must first be made to the Dean. If permission is granted for a change in the schedule of the examination the applicant must present the Registrar's receipt for five dollars (\$5.00) for such examination desired before the professor is authorized to give the same. Such examinations are known as "Special" examinations.

This regulation applies to re-examinations as well as to general and advanced examinations.

QUARTER AND YEAR CREDITS

A quarter credit is the value in hours of any course pursued through one quarter. Thus, if a course scheduled for three hours a week for one quarter be taken, the resulting credit towards the one hundred eighty-nine quarter hours required for the degree is three quarter hours. A year credit is the value in quarter hours of a course pursued throughout the year. Thus, a course scheduled for three hours a week for the whole year will give a credit of nine quarter hours towards the degree.

SUMMER WORK

Students wishing to make advanced standing credits during the summer must communicate their plans to the College Committee on Advanced Standing and secure permission to do the summer work before entering upon it.

No credit will be given for summer work unless a "merit" grade is received. A student may not receive credit by examination for a summer course in which she has received a grade lower than "merit."

The credit for each course taken at a summer session is determined by the Advanced Standing Committee, but the maximum credit which may be obtained in a summer session is fifteen quarter hours.

LIMITATION OF HOURS

In order to prevent over-crowding of work, the following regulation of the student's hours has been put into operation:

1. The maximum number of lecture or recitation hours a week for Freshmen shall be sixteen, and the minimum fourteen. At the discretion of the Committee on Admission the privilege of taking only twelve hours is offered some students.

2. The maximum number of lecture or recitation hours a week for advanced students shall be eighteen, and the minimum fourteen. Second and third year students may not take the maximum number of hours a week unless they shall have received merit grades in at least two-fifths of their work for the preceding session. Fourth year students may not take the maximum number of hours a week unless they shall have received merit grades in at least one-half of their work for the preceding session.

MERIT HOURS

Grades indicating the student's standing in any course are officially recorded as follows: "A," excellent attainment; "B," very good attainment; "C," good attainment; "D," passable attainment; "E," failure, with privilege of re-examination; "F," failure, without privilege of re-examination. The grades "A," "B," and "C," are known as "merit" grades. At least ninety of the one hundred eighty academic quarter hours offered for the degree of Bachelor of Arts must be of the merit grade, the remaining hours of the course being made with a grade of at least "D."

Exact grades are not announced to students, their reports containing only the information: "Passed with Merit," "Passed," or "Failed."

NOTE.—For a detailed explanation of the "Merit" requirements for admission to recognition in each of the three classes, Sophomore, Junior, Senior, see notes preceding the official Register of Students.

REQUIRED RESIDENCE

Except in very unusual cases, candidates for the degree must complete the work of the junior and senior years in this college.

AUTOMATIC EXCLUSION

A student whose work is notably unsatisfactory at the end of any quarter is considered to have excluded herself automatically from the college unless by vote of the faculty she be put on probation for the remainder of the year. If at the end of the year she shall have failed to make credits to the extent of

at least twenty-two quarter hours in courses counting towards the degree she shall be considered to have excluded herself automatically from the college for the next ensuing year.

A student who fails for two successive years to meet the requirements for advancement to the next higher class, automatically excludes herself from the College, unless by vote of the faculty she be allowed to remain on probation.

NOTE.—In addition to the enforcement of the above laws, the College reserves the right to request the withdrawal of students who cannot remain in residence without danger to their own health or to the health of others, or whose presence is thought to lower the moral tone of the College. Students of this last class may be asked to withdraw, even though no specific charges be made against them.

THE BACHELOR OF ARTS DEGREE

REQUIREMENTS FOR THE DEGREE

Candidates for the B.A. degree must present one hundred eighty-nine quarter hours of work of which nine quarter hours must be in physical education. Certain courses are required, as listed below, and others are elective. The program of work for each student must be approved by the Committee on Admission or the Committee on Electives.

I. Courses required:

A. Specific requirements:

English 101.....	9 quarter hours
Bible 101, 205.....	9 quarter hours

B. Requirements with option:

1. Literature, Language (Latin, Greek, French, German Spanish).
Two courses (18 quarter hours) in two departments.

One course (9 quarter hours) must be in a foreign language. Elementary courses in the languages will not be accepted in fulfilling this requirement. The student is urged to continue a language begun in secondary school. If she elects a language in which she has not had preparatory work she must continue it for two years.

The literature option may be fulfilled by a literature course in English or foreign language.

2. Biology, Chemistry, Physics, Mathematics.
Two courses (a minimum of 21 quarter hours) in two departments.
3. History, Classical Civilization, Psychology, and either Economics or Sociology.
Two courses (18 quarter hours) in two departments.

The specific and group requirements for the degree must be completed by the end of the sophomore year with such excep-

tions as the Committee on Electives shall permit. No student shall be classified as a regular freshman unless she is taking or has taken English 101 and one course from each of groups 1 and 2.

II. The elective hours are to be distributed as follows:

A. Each student is required to complete a major of thirty-six hours (including the basic course) and a minor of twenty-seven hours (including the basic course). The major and minor must be elected before the close of the third quarter of the sophomore year, and the courses must be approved by the professors concerned. Work in the major subject must be continued throughout the junior and senior years, with such exceptions as the head of the major department and the Committee on Electives shall permit.

Majors are offered in the following subjects: English, French, German, Spanish, Latin, Greek, History, Economics and Sociology, Business Economics, Journalism, Biology, Chemistry, Physics, Mathematics, Psychology, and English Bible.

Inter-departmental majors are offered in Science, Physics and Mathematics, Social Science, and the Classics.

B. The remaining hours required to complete the one hundred eighty hours in academic work may be chosen at will subject to the following restrictions:

(1) Not more than two courses may be taken under any one professor in any given quarter.

(2) Not more than twenty-four hours may be taken in one

subject in any one session, and not more than sixty hours in one subject may be presented for the degree.

(3) The elementary course in a foreign language may be counted in making up the requirement for the degree only when it is followed by another year of the same language or when it is the fourth foreign language that the student has taken.

An exception to this regulation is made for students who are doing major work in Latin. With the recommendation of the department of Latin and the approval of the Committee on Electives, these students will be allowed to count elementary Greek towards the degree.

(4) Not more than thirty-six hours in Music, Practical Art, and Speech combined may be counted towards the degree.

Any student in any department of the College giving evidence of inability to write correctly may be required to take additional work in English composition, even though English 101 may have been passed.

In order to receive the nine quarter hours of credit required in physical education, the student must have completed three years of work in this department. Special arrangements will be made for those entering with advanced standing.

DESCRIPTION OF COURSES

Courses numbered below 100 cover subjects sometimes given in high school work. Credit for them in college is limited.

Courses numbered 101 to 199 are open primarily to Freshmen and Sophomores; Courses 201 to 299 to Sophomores and Juniors; Courses 301 to 399 to Juniors and Seniors, and Courses 401 to 499 are open to Seniors only. Courses open to lower classes are also open to upper classes unless stated to the contrary.

Fall quarter courses are designated by *a*, winter quarter courses by *b*, spring quarter courses by *c*. Numbers with hyphenated letters indicate courses extending through two quarters. Numbers without letters indicate courses extending throughout the year. No credit is given for a course until the entire course is completed.

WORK AT EMORY UNIVERSITY

Through a cooperative arrangement with Emory University, located approximately two miles away, courses on the senior college level (junior and senior classes) may be elected by Agnes Scott students who are qualified to pursue them. Attention is particularly called to work in Business Economics and Journalism, in which majors are now offered. Arrangements for these and other courses may be made with the Committee on Electives.

ART

MISS LEWIS

The purpose of this department is to maintain a high standard of efficiency in the pictorial and decorative arts, and to give the student an intelligent appreciation of the works of the masters.

Around this principle are grouped the various branches of art education, giving in addition to technical training a knowledge of the historical development of art, theory of design and color, and practical work in the criticism and composition of pictures.

The studio practice is divided into four parts:

1. Drawing from cast and still life.
2. Drawing and painting from still life.
3. Drawing and painting from life; painting from still life; outdoor painting.
4. Portrait painting, landscape painting.

A sketch class with costume model is open to all art students.

One hour a week.

A course in commercial art is given for students wishing to specialize in that branch.

All students will be advanced according to ability.

Opportunity in the way of excellent examples and instruction is offered those desiring to study the various lines of decorative art.

Studio practice may be given credit of one hour a quarter for students who have completed or are taking Art History courses. Nine hours will be the maximum credit allowed.

NOTE.—If credit courses in speech and music are elected, not more than thirty-six hours of music, speech and practical art combined will be allowed to count toward the degree.

History of Art

These courses are designed to present to the student a survey of the development of architecture, sculpture and painting, and to give a general knowledge of æsthetic appreciation.

101a. ANCIENT ART.—Lecture course with collateral reading, illustrated with pictures and lantern slides.

Fall quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

103b. HISTORY OF PAINTING.—The Renaissance. Lecture course with collateral reading, illustrated with pictures and lantern slides.

Winter quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

102c. EARLY CHRISTIAN AND MEDIEVAL ART.—History of sculpture, painting and architecture through early Christian, Romanesque, and Gothic phases. Lecture course with collateral reading, illustrated with pictures and lantern slides.

Spring quarter: Tuesday, Thursday, Saturday 8:30.

Credit: Three quarter hours.

104c. HISTORY OF PAINTING.—From the Renaissance to

modern times. Lecture course with collateral reading, illustrated with pictures and lantern slides.

Spring quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

Prerequisite: Art History 103b.

ELEMENTS OF DESIGN.—Principles underlying organization of line, color, and composition and their application to problems in design. Lectures with studio practice.

One hour a week. To be arranged for art students.

All art students are required to take a course in history of art if so advised by the professor of the department.

The requirements of the music department with regard to students not candidates for the degree apply also to art students, art taking the place of music in their course of study.

A certificate of proficiency will be given to students in the department who have finished satisfactorily the art course as prescribed and have in addition satisfactorily completed the following college courses:

1. Eighteen quarter hours of English with advice of the department of English.
2. Twelve quarter hours of history with advice of the department of history.
3. French 103 or German 201.

ART SCHOLARSHIP.—Tuition in the art department of the College for the next session will be given the student who does the best work from cast or nature. No one can compete for the scholarship who has not been a diligent student in the art department for the entire session.

ASTRONOMY

PROFESSOR CHRISTIAN

201a. **GENERAL ASTRONOMY.**—Introduction to the constellations, important celestial objects, instruments, and methods of astronomy.

Fall quarter: Monday, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Mathematics 101.

202b. **THE SOLAR SYSTEM.**—Description of the sun and its satellites, their surfaces, motions, and history.

Winter quarter: Monday, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Astronomy 201.

203c. **THE STELLAR SYSTEM.**—Description of the stars and nebulae, with emphasis on contemporary advances.

Spring quarter: Monday, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Astronomy 202.

BIBLE

PROFESSOR SYDENSTRICKER

ASSOCIATE PROFESSOR GILLESPIE

101a, b, or c. **OLD TESTAMENT.**—A general survey course of the entire Old Testament. The purpose of this course is threefold: To make a study of the relation of the Old Testament to the New Testament, and of the several parts of the Old Testament to the rest of its parts; to observe as much of the factual content of the Old Testament records as time will permit; and to discover the abiding spiritual values in Israel's

records and experiences. Supplementary readings, written tests and a term paper are required.

Fall quarter:

Section A: Monday 10:00, Wednesday, Friday 9:30.

Section B: Tuesday, Thursday, Saturday 9:30.

Section C: Tuesday, Thursday, Saturday 11:00.

Winter quarter: Tuesday, Thursday, Saturday 9:30.

Spring quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

102b or c. OLD TESTAMENT.—This course comprises a study of that period of Israel's social, political and religious life from the fall of the Kingdom of Israel (722 B.C.) to the close of the Old Testament period. In addition to the history, studies are made in the prophecies of Isaiah chs. 40-66, Haggai, Zechariah and Malachi for the light they shed upon the historic and religious interests of this period. Particular attention is given to Israel's contacts with Babylonian life and culture, and to the changes wrought in Hebrew thought and worship by the captivity. Supplementary reading, written tests, and a term paper are required.

Winter quarter: Tuesday, Thursday, Saturday 12:00.

Spring quarter: Tuesday, Thursday, Saturday 9:30.

Credit: Three quarter hours.

Prerequisite: Bible 101.

203b. THE EIGHTH CENTURY PROPHETS.—A study of the prophets of this period as interpreters of the political, social and religious conditions in Israel and Judah during the eighth century. Particular attention is given to the history of Syria and Assyria, and to recent archeological discoveries for light upon the historic and political situation. Supplementary reading and written tests are also required.

Winter quarter: Monday 10:00, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Bible 101.

204c. **THE SEVENTH CENTURY PROPHETS.**—A continued study of the writing prophets as begun in 203b. The political, social and religious conditions in Judah during the dark days leading up to and issuing in the Babylonian exile are studied. The prophecies to be considered are Nahum, Zephaniah, Jeremiah, Habakkuk and Ezekiel. Supplementary readings and written tests are required.

Spring quarter: Monday 10:00, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Bible 101.

205b-c. **THE LIFE OF CHRIST.**—This course is based upon the Synoptic Gospels. A careful consideration will be given to the literature, institutions and ideals of the Jewish people during the period between the Old and New Testaments. The teachings and methods of Jesus will be studied, and collateral reading and term paper required.

Winter and spring quarters:

Section A: Monday 10:00, Wednesday, Friday 9:30.

Section B: Tuesday, Thursday, Saturday 9:30.

Section C: Tuesday, Thursday, Saturday 11:00.

Credit: Six quarter hours.

Prerequisite: Bible 101.

206a. **THE JOHANNINE LITERATURE.**—Special emphasis upon the Gospel of John, its doctrines and peculiarities of vocabulary.

Fall quarter: Monday 10:00, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Prerequisite: Bible 101.

207. LIFE AND LETTERS OF PAUL.—A careful survey of the historic background of this remarkable life; the significance of the Hellenistic and Roman elements in his early environment as reflected in his career as a missionary. The Epistles are studied intensively. A standard life of Paul is studied, and the rich Pauline literature of Sir William Ramsay is used.

Throughout the year: Tuesday, Thursday, Saturday 8:30.

Credit: Nine quarter hours.

Prerequisite: Bible 205.

310b. THE POETRY AND WISDOM LITERATURE OF THE OLD TESTAMENT.—Special emphasis upon the book of Job.

Winter quarter: Tuesday through Saturday 12:00.

Credit: Five quarter hours.

Prerequisite: Bible 205.

209. NEW TESTAMENT GREEK.—See Department of Greek.

301a. THE APOCALYPTIC LITERATURE OF THE OLD AND NEW TESTAMENTS.—A careful study of the origin and significance of Apocalyptic vocabulary. Special emphasis upon the Revelation.

Fall quarter: Monday through Friday 12:00.

Credit: Five quarter hours.

Prerequisite: Bible 205.

304c. GREEK THOUGHT.—See Department of Greek.

306a. CHURCH HISTORY.—A survey course of the history of the church from the Apostolic age to the beginning of the Protestant Reformation. Particular notice is given to the establishment and expansion of the Christian Church during the era of the Early Church, to the development of doctrine;

and to the rise and supremacy of the Roman Catholic Church during the Medieval era.

Fall quarter: Monday, Wednesday, Friday 12:00.

Credit: Three quarter hours.

Prerequisite: Bible 205.

307b. CHURCH HISTORY.—A continuation of the study of the history of the church from the Protestant Reformation to the present time. Particular attention is given to the causes, principles and progress of the Reformation; Protestant life and thought following the Reformation; and the implanting of the church in America.

Winter quarter: Monday, Wednesday, Friday 12:00.

Credit: Three quarter hours.

Prerequisite: Bible 205.

308c. COMPARATIVE RELIGIONS.—A study of the origin, development and significance of the important religions of other peoples. Main emphasis upon the living religions contrasted with Christianity.

Spring quarter: Monday through Friday 12:00.

Credit: Five quarter hours.

Requirements for the major in Bible:

Basic courses: Bible 101, Bible 205.

Required course: Bible 209.

Elective courses in Bible to complete the major must be approved by the department.

The minor must include the basic courses indicated above and elective courses approved by the department.

BIOLOGY

PROFESSOR MACDOUGALL

ASSOCIATE PROFESSOR RUNYON

MISS MILLER

MISS McCALLA

MISS STILLWELL

BIOLOGY 101. GENERAL BIOLOGY.—An introductory course presenting the fundamental principles of biology as exemplified by a study of elementary botany, zoology, physiology, the important theories of heredity, etc. The work of the three quarters is coordinated and forms a course in modern general biology.

Throughout the year:

Lectures: Section A: Monday, Wednesday, Friday 9:30.

Section B: Monday, Wednesday, Friday 11:00.

Laboratory: Section A: Monday or Tuesday 1:40-4:40.

Section B: Wednesday or Thursday 1:40-4:40.

Credit: Twelve quarter hours.

201. BOTANY.—Laboratory and field study of the plant kingdom, for those having had Biology 101, or biology or zoology in high school.

Throughout the year:

Lectures: Tuesday, Thursday 8:30.

Laboratory: Three hours to be arranged.

Credit: Nine quarter hours.

Prerequisite: Entrance biology or zoology.

202b, c. LOCAL FLORA.—A systematic study of ferns, conifers and flowering plants in the vicinity of Decatur and Atlanta. Either quarter may be taken independently.

Winter and spring quarters:

Lectures: two hours to be arranged.

Field or Laboratory: Friday 1:40-4:40.

Credit: Three or six quarter hours.

Prerequisite: Biology 101 or 201.

300c. BACTERIOLOGY.—The biology of bacteria and an introduction to bacteriological techniques.

Spring quarter:

Lectures: Tuesday, Thursday, Saturday 11:00.

Laboratory: Tuesday 1:40-4:40; three hours to be arranged.

Credit: Five quarter hours.

Prerequisites: Biology 101 and Chemistry 101.

310a. GENERAL PHYSIOLOGY.—The fundamental activities of living matter.

Fall quarter:

Lectures: Tuesday, Thursday, Saturday 9:30.

Laboratory: Tuesday, Thursday 1:40-4:40.

Credit: Five quarter hours.

Prerequisites: Biology 101 and Chemistry 101.

311b. PHYSIOLOGY OF PLANTS.—Experimental studies in greenhouse and laboratory of the activities of living plants.

Winter quarter:

Lectures: Tuesday, Thursday, Saturday 9:30.

Laboratory: Tuesday, Thursday 1:40-4:40.

Credit: Five quarter hours.

Prerequisites: Biology 101 and Chemistry 101.

312b. HUMAN PHYSIOLOGY.—A study of the life activities of the human body.

Winter quarter:

Lectures: Tuesday, Thursday, Saturday 11:00.

Laboratory: Tuesday, Thursday, 1:40-4:40.

Credit: Five quarter hours.

Prerequisite: Biology 101 and Chemistry 101.

207 a, b, c. ZOOLOGY.—A comparative study of the develop-

ment, structure, relationships and distribution of invertebrate and vertebrate animals. Representative types are studied in the laboratory and museum.

a. Invertebrate Zoology.—From the Protozoa to the Arthropoda.

b. The Arthropoda and the Lower Chordata.

c. The Comparative Anatomy of the Vertebrata.

Throughout the year:

Lecture: Tuesday and Thursday 8:30.

Laboratory: Wednesday and Friday 1:40-4:40.

Credit: Nine quarter hours.

Prerequisite: Biology 101.

Note: Students desiring to elect Comparative Anatomy only in this sequence must take the last half of the winter quarter dealing with Lower Chordates, credit for which will be one and one-half hours.

303. EVOLUTION AND HEREDITY.—This course deals with the more important theories of evolution, variation, and physical basis of heredity, the laws of heredity and their social application.

Throughout the year:

Lectures: Tuesday, Thursday 9:30.

Conference: Saturday 9:30.

Laboratory: Two hours to be arranged.

Credit: Without laboratory, 6 quarter hours; with laboratory, 9 quarter hours.

Prerequisite: Biology 101.

The laboratory work is required of major and minor students in biology.

305a-b. TECHNIQUE.—Mainly a laboratory course with

practical work in the more usual methods of histological and cytological technique.

Fall and winter quarters:

Lectures and demonstrations: Tuesday, Thursday 11:00.

Laboratory: Five hours to be arranged.

Credit: Six quarter hours.

Prerequisite: Biology 101.

Note: Major students in Biology, who expect to take Embryology, will be allowed to take one quarter's work in technique.

306c. EMBRYOLOGY.—A consideration of the fundamental facts of embryology, with especial reference to mammalian development.

Spring quarter:

Lectures: Tuesday, Thursday, Saturday 11:00.

Laboratory: Tuesday, Thursday 1:40-4:40.

Credit: Five quarter hours.

Prerequisite: Biology 101.

Requirements for the major in Biology:

Biology 101 is the basic course which is prerequisite for all advanced courses in the department. It counts 9 hours on the requirements for majors and minors.

1. When Zoology is the subject of primary interest, the courses required are 207a, b, c, 303, 306.

2. When Botany is the subject of primary interest, the courses required are 201, 202, 303, 311.

The minor must include the basic course indicated above and elective courses approved by the department.

CHEMISTRY

PROFESSOR HOLT

ASSOCIATE PROFESSOR GILCHRIST

MRS. DAVIS

MRS. FOX

101. GENERAL CHEMISTRY.—This course includes lectures, recitations and laboratory practice throughout the year, and deals with the more important non-metallic and metallic elements with special emphasis given to the fundamental laws and theories of chemistry. The laboratory work includes a number of quantitative experiments and thus the student is taught the accuracy and definiteness of chemical laws, while she is being trained in observation and in manipulation of apparatus.

Throughout the year:

Lectures: Section A: Tuesday, Thursday, Saturday 11:00.

Section B: Tuesday, Thursday, Saturday 12:00.

Laboratory: Section A: Tuesday 1:40-4:40.

Section B: Thursday, 1:40-4:40.

Credit: Twelve quarter hours.

201a-b. QUALITATIVE ANALYSIS.—This course is primarily a laboratory course dealing with a qualitative separation of the important metals and acids. The lectures include a discussion of the theory of solution and the laws governing chemical equilibrium, with special application to analytical reactions.

Fall and winter quarters:

Lecture: Section A: Monday 11:00.

Section B: Wednesday 9:30.

Laboratory: Hours to be arranged.

Credit: Six quarter hours.

Prerequisite: Chemistry 101.

202c. QUANTITATIVE ANALYSIS.—Important gravimetric and volumetric methods of analysis are selected for study. This course is designed to be taken the spring quarter following Chemistry 201a-b and to serve as an introduction to the principles and methods of quantitative analysis.

Spring quarter:

Lecture: Section A: Monday 11:00.

Section B: Wednesday 9:30.

Laboratory: Hours to be arranged.

Credit: Three quarter hours.

Prerequisite: Chemistry 201a-b.

205. ORGANIC CHEMISTRY.—This course includes a study of the principal compounds of the aliphatic and aromatic series. The laboratory work is designed to train the student in the fundamental methods of organic preparations.

Throughout the year:

Lectures: Wednesday, Friday 11:00.

Laboratory: Monday 1:40-4:40.

Credit: Nine quarter hours.

Prerequisite: Chemistry 101.

208c. CHEMISTRY OF FOOD AND NUTRITION.—Lectures and assigned readings deal with the fundamentals of Biochemistry. Emphasis is placed on the study of the processes of digestion and metabolism and the nutritional value of foods.

Spring quarter: Monday, Wednesday, Friday 12:00.

Credit: Three quarter hours.

Prerequisite: Chemistry 205.

257a-b. RADIOACTIVITY AND ATOMIC STRUCTURE.—The constitution of matter is considered from both the chemical and physical standpoint. The course consists of lectures and reports on various phases of the subject.

Fall and winter quarters:

Lectures: Monday, Wednesday, Friday 9:30.

Credit: Six quarter hours.

Open to advanced students in Science upon recommendation of the departments.

This course alternates with Chemistry 305.

258c. HISTORY AND ACHIEVEMENTS OF CHEMISTRY.—The lives, work and influence of the great men in the field of chemistry will be considered. The course will also include discussion of outstanding achievements as they relate to development and progress in this particular science.

Spring quarter: Monday, Wednesday, Friday 9:30.

Credit: Three quarter hours.

Open to advanced students in chemistry.

301a. QUANTITATIVE ANALYSIS.—The study of quantitative methods begun in Chemistry 202c is continued with necessary emphasis placed upon technique.

Fall quarter:

Lecture: Wednesday 12:00.

Laboratory: Hours to be arranged.

Credit: Three quarter hours.

Prerequisite: Chemistry 202c.

302b. ADVANCED QUANTITATIVE ANALYSIS.—More advanced analytical methods are studied and applied to the analysis of both inorganic and organic compounds.

Winter quarter:

Lecture: Wednesday 12:00.

Laboratory: Hours to be arranged.

Credit: Three quarter hours.

Prerequisite: Chemistry 301a.

305. THEORETICAL CHEMISTRY.—Lectures, recitations and reports are based upon general reference work.

Throughout the year: Monday, Wednesday, Friday 9:30.

Credit: Nine quarter hours.

Open to advanced students in chemistry with permission of the department.

This course alternates with Chemistry 257a-b.

309c. FOOD ANALYSIS.—Methods of organic analysis of foods for carbohydrate, fat, protein and moisture content are studied and some common food products are analyzed.

Spring quarter:

Lecture: Thursday 11:00.

Laboratory: Hours to be arranged.

Credit: Three quarter hours.

Prerequisite: Chemistry 301a.

Requirements for the major in Chemistry:

Basic course: Chemistry 101.

Required courses: Chemistry 205, 301, 302.

Elective courses in Chemistry to complete the major must be approved by the department.

The minor must include the basic course indicated above and elective courses approved by the department.

CLASSICAL LANGUAGES AND LITERATURES

PROFESSOR TORRANCE

ASSISTANT PROFESSOR GLICK

ASSISTANT PROFESSOR COBBS

GREEK

101. BEGINNING GREEK.—The essentials of forms and syntax; reading of selections from Xenophon and Plato; writing Greek.

Throughout the year: Monday, Wednesday, Friday 9:30.

Credit: Nine quarter hours, if (1) taken as a fourth language, (2) followed by Course 202 or 203, and 201, (3) if a major in Latin is completed.

201a. INTERMEDIATE GREEK.—A systematic review of forms and syntax. Plato: Crito, with selections from other writings of Plato.

Fall quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

No credit except when followed by Course 202 or 203.

Prerequisite: Course 101.

202b-c. HOMER: Iliad, Books I-VI.—Study of dialect and content; sight translation; metrical reading.

Winter and spring quarters: Tuesday, Thursday, Saturday 12:00.

Credit: Six quarter hours.

Prerequisite: Course 201a.

203b-c. NEW TESTAMENT GREEK.—A special study of the writings of Luke, his style and vocabulary; the historical setting of Luke's writings. Selections from other writers. Interpretation of the Greek text and study of New Testament philology and syntax.

Winter and spring quarters: Monday, Wednesday, Friday 3:00.

Credit: Six quarter hours.

Prerequisite: Course 201a.

301a. GREEK TRAGEDY.—Euripides: Selected plays.

Fall quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with 305a. Offered in 1943-1944.

302b. GREEK LYRIC POETRY.

Winter quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with 306b. Offered in 1943-1944.

303c. PLATO.—Selected dialogues.

Spring quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with 307c. Offered in 1943-1944.

305a. GREEK TRAGEDY.—Sophocles: Selected plays.

Fall quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with 301a. Not offered in 1943-1944.

306b. HOMER: ODYSSEY.

Winter quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with course 302b. Not offered in 1943-1944.

307c. GREEK HISTORY.—Selections from Herodotus or Thucydides.

Spring quarter: Tuesday, Thursday, Saturday 11:00.

Credit: Three quarter hours.

Prerequisite: Course 202b-c.

This course alternates with 303c. Not offered in 1943-1944.

LATIN

101. **LATIN FUNDAMENTALS.**—An introduction to the fundamentals of Latin grammar and to the reading of Latin authors.

Throughout the year: Hours to be arranged.

Credit: Nine quarter hours if followed by Course 103.

103. **INTERMEDIATE LATIN.**—Selections from Latin prose authors. The content of this course will be elastic, depending on authors previously read by the class. This course is especially designed for those Freshmen who enter with two units in Latin. Particular care and consideration are given in helping such students to recover their mastery of the fundamentals of the language and to teach them to read it with ability and enjoyment.

Throughout the year: Tuesday, Thursday, Saturday 9:30.

Credit: Nine quarter hours.

Required of all students wishing credit for Course 101.

104. **VIRGIL: Aeneid, I-VI, and selections from Ovid.**

Throughout the year: Tuesday, Thursday, Saturday 9:30.

Credit: Nine quarter hours.

Prerequisite: Three units of high school Latin or Latin 103.

105. **LATIN LITERATURE OF THE FIRST CENTURY B.C.**—The reading for this course will be chosen from Cicero's philosophical writings, Livy's history and Horace's Odes and Epodes.

Throughout the year: Monday, Wednesday, Friday 12:00.

Credit: Nine quarter hours.

Prerequisite: Four units of high school Latin, (three, if one of them is Virgil) or Latin 104, or 103 by permission of the instructor.

201a. ROMAN COMEDY: Selected plays from Plautus and Terence.

Fall quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

Prerequisite: Latin 105 or 104 with permission of instructor.

202b. ROMAN SATIRE.—Selections from Horace.

Winter quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

Prerequisite: Latin 105.

203c. COLLOQUIAL LATIN: Petronius, *Cena Trimalchionis*.

Spring quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

Prerequisite: Latin 201 or 202.

Attention will be centered on the expression in literature of the classical and Christian traditions, with special reference to the artistic treatment, the history of ideas, and the connections with English literature. The course constitutes a background to the study of Milton, whose poetical works are read rapidly in the latter part of the spring quarter.

Winter and spring quarters: Monday through Friday 8:30.

Credit: Ten quarter hours.

Prerequisite: English 211.

The second quarter of this course may not be taken without the first. Only by special permission of the department may the first quarter be taken alone.

415a, b, c. DIRECTED STUDY.—By permission of the department Seniors who are majoring or minoring in English and who have demonstrated their ability to do independent work may arrange a course of readings in certain fields of English or American literature. Application must be made at the time of selecting electives.

Offered in each quarter.

Credit: Three or five quarter hours.

Requirements for the major in English:

Basic course: English 211.

(English 101 is previously required of all Freshmen.)

Required courses in English: 350, *or* two of the following: 305, 306, 313, 314.

Elective courses in English to complete the major must be

approved by the department. Students expecting to teach English are advised to take American Literature. The department urges English majors to study Greek through Homer and Latin through Horace. Students intending to do graduate work should have at least two years of French and German. Other subjects closely related to English are history and philosophy.

Required work other than English: One foreign language of grade not below French 101, German 201, Spanish 201, Greek 201, or Latin 105 and 201.

The minor must include the basic course indicated above and eighteen additional hours in English approved by the department.

A minor in English and Speech must include:

(1) Basic courses: Speech 105 and 217.

(2) Five hours in Shakespeare (313 or 314) and five hours in Nineteenth Century Poetry (321 or 322). Students majoring in English must substitute nine hours in the literature of a foreign language for the requirement in Shakespeare and Nineteenth Century Poetry.

English 104, 207, 208 and 307 may not be counted toward the hours required for the major or minor in English.

III. English Speech

Credit toward the degree will be allowed for courses in speech amounting to eighteen quarter hours, but these courses may not be included in the English major nor counted toward the satisfaction of group requirements. The requirements for the minor in English and Speech are outlined above.

If credit courses in music and practical art are elected, not

more than thirty-six hours in music, speech and practical art combined will be counted toward the degree.

At time of entrance a test will be given all freshmen. Students who have speech difficulties such as careless articulation, unpleasant voice quality, nasality, difficulty in reading aloud or speaking with ease and force are urged to avail themselves of the opportunity of remedying such defects as early as possible by electing a course in speech.

No extra tuition is charged for class work in any course in speech. One additional hour credit may be obtained each quarter in speech courses by taking private lessons in addition to class work. (There is an additional charge for private lessons.) When taken together these courses will be designated 105-A, 217-A, 309a-A, etc.

105. FUNDAMENTALS OF SPEECH.—The purpose of this course is to develop a good speaking voice, good diction, and to establish ease and poise in platform presentation. Both theory and practice are considered. Good diction is studied and analyzed by the phonetic method. Exercises for training the body to respond to thinking are studied and practiced. Principles are applied through the interpretation before audiences of the short story, lyric and narrative poetry, and extemporaneous speaking. A record of the voice and diction is made at the beginning and end of the year in order to check progress.

JOURNALISM

Through a cooperative arrangement with Emory University, courses in Journalism are now available to Agnes Scott students. Application for major work in this field should be made to the head of the English department at Agnes Scott.

Courses in Journalism are described in the Emory University catalogue. The following courses offered at Emory University are required for the major:

101a or c. **INTRODUCTION TO JOURNALISM.**—A survey of modern journalism, with the purpose of developing more intelligent reading of newspapers and magazines and of acquainting the student with the elements of journalistic ethics and style. The various specialized branches of journalism are discussed by the members of the faculty who have had experience in these fields. Studies are made of representative American periodicals and contemporary news situations.

Fall or spring quarter: Monday through Friday 11:00.

Credit: Five quarter hours.

200b. **NEWSPAPER REPORTING.**—The gathering and writing of news for publication. Students cover many types of news sources both on the campus and in Atlanta and Decatur. Reports on newspapers from other cities are correlated with the topics of lectures and textbook assignments.

Winter quarter: Monday, Wednesday, Friday 12:00.

Credit: Three quarter hours.

201a-b. **THE MAGAZINE ARTICLE.**—The writing of special feature articles for newspapers and the several classes of magazines. Representative American magazines are studied both as potential markets and as examples of contemporary thought and style.

Fall and winter quarters: Monday and Thursday 8:00; one hour to be arranged.

Credit: Three quarter hours each term.

202a or c. **PUBLIC OPINION.**—The nature of public opinion; the influences and agencies that play a part in its formation; the relation of public opinion to government in war and peace. The influence of such factors as heredity, race, nationality, the family, the community, economic status, education, propa-

ganda, censorship, the press, the radio, the movies, the fine arts, organized religion, leadership, the public relations counsel, pressure groups, political parties, etc., is studied. Lectures, reading, and discussion, with examples drawn largely from current events.

Fall or spring quarter: Monday through Friday 9:00.

Credit: Five quarter hours.

203b. EDITING.—Rewriting, copyreading, head-line writing, make-up, and editorial problems. Laboratory work duplicates as nearly as possible the practices of an actual newspaper office. Copy is available both from the reporting class and from press association wires.

Winter quarter:

Lecture: Tuesday and Thursday 12:00.

Laboratory: Tuesday afternoon.

Spring quarter:

Lecture: Wednesday 8:00.

Laboratory: Saturday morning.

Credit: Three quarter hours.

203a. LAW OF THE PRESS.—Legal limitations on liberty of the press; libel and contempt; copyright and literary property; laws affecting advertising and circulation. Lectures, reading, and study of concrete cases.

Fall quarter: Tuesday and Friday 8:00.

Credit: Two quarter hours.

250b. THE HISTORY OF AMERICAN JOURNALISM.—Development of the American newspaper from its earliest beginnings to the present time; significance of the work of representative editors; present-day trends and tendencies. Lectures, discussion, and extensive reading.

Winter quarter: Monday through Friday 11:00.

Credit: Five quarter hours.

Requirements for the major in Journalism:

Basic course: English 211.

Required courses:

At Agnes Scott College: English 207 and 208.

Throughout the year:

Section A: Monday, Wednesday, Friday 9:30.

Section B: Monday, Wednesday, Friday 2:00.

Credit: Nine quarter hours.

Practical Courses

PIANO.—General course. Technique from fundamental to highest proficiency, including studies, pieces in various styles.

Two lessons a week.

Open to all students and adapted to individual proficiency.

ORGAN.—Only students who have had considerable training on the piano should undertake this course.

It is the aim of the instruction to develop intelligent organists for church and concert work.

Two lessons a week.

VIOLIN.—Technical training according to the most approved modern methods. Sonatas, concertos, and concert pieces from the best writers for the instrument.

Two lessons a week.

ENSEMBLE WORK.—Piano and violin students of sufficient advancement have ample opportunity for ensemble playing.

VOICE CULTURE.—Proper placing of voice, correct habits of breathing, enunciation, phrasing, etc., careful development of tone with the study of songs judiciously selected from standard and modern song writers and the great oratorios. First year students may take vocal in classes of five or six. All vocal students are advised to take Music 107.

Two private lessons a week or vocal in classes.

COLLEGE CHOIR AND GLEE CLUB.—Organized for the study and performance of sacred and secular vocal music.

Two scheduled concerts are given at the College each year, and many opportunities are afforded by Atlanta churches, clubs, and radio stations for programs of varied musical type.

Membership is open to all on a try-out basis.

STRING ENSEMBLE.—Open to all students who play Violin,

Viola or Violoncello, and who enjoy ensemble playing. Not limited to students in the Department of Music. Admission by try-out.

Degree Credit

Credit towards the degree is given for courses in piano, organ, voice and violin.

The conditions under which credit will be allowed for courses in piano, organ and violin are as follows:

1. At the beginning of the session students in piano must pass a satisfactory examination in Theory, given by the Professor of Music, and demonstrate sufficient technical ability to play correctly—with regard to fingering, phrasing, rhythm, tempo, and dynamic effects—works of the simpler two-part Inventions of Bach; the simpler sonatas of Mozart; and the simpler Songs Without Words, of Mendelssohn.

Students applying for degree credit in Violin must, in addition to passing a satisfactory examination in Theory, give evidence of having done satisfactory work in study material of the grade of difficulty of the Kayser Studies, Op. 20, Bks. I and II; Mazas "Thirty Special Studies," Op. 36, Bk. I; Schradieck "School of Violin Technics," Vol. I; and the concertos of Accolay and Sitt.

NOTE.—This requirement when offered at entrance into College will be accepted, upon examination only, as one unit in the elective group. Only those who have had unusually good training are advised to try this examination.

2. Students who have met the above requirement may receive a credit for practical music to the extent of six hours.

a year for three years upon the satisfactory completion of the following work:

a. Two lessons weekly of half an hour each in piano, organ or violin.

b. One hour and a half of practice daily for six days each week.

c. Theoretical work amounting to at least six credit hours in addition to the six hours of practical credit.

Credit towards the degree will be allowed for courses in vocal music under the following conditions:

1. The student will be admitted to degree credit work in voice only after passing satisfactorily a test given by the instructor.

2. Three hours credit will then be given upon the completion of the following work:

a. Two lessons weekly half an hour each in vocal music.

b. Five hours of practice each week.

c. Theoretical work amounting to at least six credit hours in addition to the three hours of practical credit.

NOTE.—It is highly desirable that all students of Voice take Music 107 during their first year of vocal study. Those who are not sufficiently advanced for degree credit in their first year of practical work may count the credit received for Music 107 in their first year as the theoretical requirement for degree credit in practical work in their second year of work in Voice. In this case the second year of work in Voice must immediately follow the first year's work.

The total possible credit in practical music shall not exceed eighteen hours, and the total possible credit for practical and theoretical music shall not exceed thirty-six hours.

If credit courses in speech and practical art be likewise elected, not more than thirty-six hours of music, speech and art combined will be allowed to count towards the degree.

Music as a Minor

Music may be offered as a minor, with the following requirements:

Basic course: Music 111.

Required courses in music: for students of piano, organ and violin, Music 211, 213; for students of voice, Music 107, 213.

Required courses other than music:

1. English 211.
2. French of the grade of 103 or German of the grade of 101.

Certificate

Certificates are offered in the Department of Music in piano, organ, violin and voice to those students who, in the judgment of the music faculty, having acquired adequate technical equipment and musicianship to undertake it, are able to give a creditable public recital, and who have completed the following College courses:

1. Music Courses 111, 211, and 213.
2. Eighteen quarter hours of English, chosen by advice of the department of English.

3. German through Course 01 and French through Course 103; or,
4. French through Course 101 and German through Course 101.

NOTE.—Candidates for certificate in voice may offer Course 107 in place of Course 211.

Scholarships

Two scholarships are given: one in piano-playing and one in voice culture. They are awarded on Commencement Day to those students who have made the best records in these departments for the year.

NOTE.—Students, not candidates for the B.A. degree, who wish to specialize in music must meet the requirements for admission of special students to the College, and must take the equivalent of fifteen hours of work a week, one hour of music being equivalent to one hour of recitation, and three hours of practice on an instrument counting as equivalent to one hour of recitation.

Credit: Five quarter hours.

306b. APPLIED PSYCHOLOGY.—A study of the principles, technique and methods of applied psychology; the application of psychological principles and tests in vocational selection, business, law, medicine, and other fields.

Winter quarter: Monday through Friday 12:00.

Credit: Five quarter hours.

307a-b. **EXPERIMENTAL PSYCHOLOGY.**—A survey of the major problems, methods and results of the experimental study of behavior and consciousness, including the statistical procedures necessary for interpretation of psychological studies. Learning in both human and animal subjects, memory, sensation and perception, conditioning and fatigue will be studied in the laboratory.

Fall and winter quarters: Wednesday, Friday 8:30.

Laboratory: Monday 1:40-4:40.

Credit: Six quarter hours.

310c. **MENTAL MEASUREMENT.**—A course dealing with the fundamentals and principles of mental tests, methods of administering tests, and evaluating and using the results obtained.

Spring quarter: Monday 9:00, Wednesday, Friday 8:30.

Credit: Three quarter hours.

311a or b. **PSYCHOLOGY OF CHILDHOOD AND ADOLESCENCE.** A careful study of the mental development of the child through the period of adolescence. A study is made of the different types of children and their proper educational treatment.

Fall quarter: Monday through Friday 9:30.

Winter quarter: Monday through Friday 11:00.

Credit: Five quarter hours.

312c. **ABNORMAL PSYCHOLOGY.**—A study of abnormal mental processes, including the more common types of psychoses and neuroses with emphasis on prevention and mental hygiene.

Spring quarter: Monday through Friday 12:00.

Credit: Five quarter hours.

315c. **PSYCHOLOGICAL PROBLEMS AND POINTS OF VIEW.**—A study of present day problems and recent developments in Psychology. The work consists of reports, discussions, and

readings from psychological journals and other current literature. An historical and developmental approach is made to the modern points of view.

Spring quarter: Monday through Friday 11:00.

Credit: Five quarter hours.

Open to students by permission of the instructor.

Requirements for the major in psychology:

Basic course: Psychology 201.

Required courses: Psychology 307 and 310.

Elective courses in Psychology to complete the major must be approved by the department.

Ten hours of Philosophy may be included in the major.

Students majoring in Psychology must complete General Biology and at least nine additional hours in science.

The minor must include the basic course indicated above and elective courses approved by the department.

III. Education

301a or b. PSYCHOLOGY OF CHILDHOOD AND ADOLESCENCE.
(See Psychology 311.)

302c. PHILOSOPHY OF EDUCATION.—This course deals with the fundamental principles that underlie education, and attempts to define an educational standard. Method as related to such standard is discussed. The purpose is to view the educational process broadly.

Spring quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

303a. HISTORY OF EDUCATION.—This course will trace the development of educational theory and practice from earliest times. Special emphasis will be placed upon the history of modern education, and an interpretation of its problems and aims.

Fall quarter: Monday through Friday 11:00.

Credit: Five quarter hours.

304b. PRINCIPLES OF SECONDARY EDUCATION.—A study of the history, organization, and administration of the high school, with emphasis upon the curriculum and methods of teaching.

Winter quarter: Monday through Friday 9:30.

Credit: Five quarter hours.

305b. EDUCATIONAL TESTS.—A study of the principles, content, making, and giving of standardized educational tests. Their application and uses are carefully considered.

Winter quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

306a. ELEMENTARY EDUCATION.—A study of the organization, materials, and methods of education on the elementary school level.

Fall quarter: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

406. PRACTICE TEACHING.—Through a co-operative program with Emory University a limited number of students may take practice teaching in the winter or spring quarters. Seniors who are interested in teaching should consult the department and plan schedules in advance.

Open by permission of the department to qualified seniors.

A special fee is charged for this course.

Credit: Five quarter hours or ten quarter hours.

PHYSICAL EDUCATION

PROFESSOR JONES

ASSOCIATE PROFESSOR WILBURN

ASSISTANT PROFESSOR LAPP

MISS DOZIER

MISS WEBSTER

A series of lectures in hygiene will be given at intervals, to be announced. Attendance is required of all students who have not completed a college course in hygiene.

Every student is given a careful physical examination, both by the resident physician and the director of physical education, on entering college. When it seems advisable the student is given special individual gymnastic work adapted to her particular need instead of the regular class work. A tuberculin skin test is given in the fall to all new students. All positive reactors are then given fluoroscopic or X-ray chest examinations by the Georgia State Board of Health. Seniors are required to have a repeat tuberculin test, if previously negative, followed by X-ray; or to have a repeat X-ray, if skin test was previously positive. There is a small fee for only the tuberculin test.

At the end of each school year another physical examination is given all students.

Physical education is required of all students during the first three years in college. The courses are numbered 101, 201 and 301. The completion of these courses gives the nine hours credit required for the degree.

The United States Office of Education is outlining a program of Physical Fitness for the colleges. In terms of time, the requirement is five hours per week each year the student is in college. In terms of activity, the students must meet certain requirements, namely:

1. **Fundamentals of Body Control:** Achievement tests will be given all students at entrance. Those who cannot meet the requirements of these tests will be enrolled in the Fundamentals course for three hours per week until they can pass.
2. **Team Sport:** All students will take part in one team sport such as Field Hockey, Basketball or Volley Ball before graduation.
3. **Individual Activities:** Choice of one. Swimming, Tennis, Archery, Badminton and Golf will be offered so that each student will have the opportunity of the training provided by such sports.
4. **Dance:** One quarter required.
5. **Swimming Test:** This must be passed by the end of the sophomore year or the student will be assigned to an elementary swimming class.

As far as possible this program will be followed for the year 1943-1944. On the basis of the health examination required at the beginning of each academic year, students unable to engage in the regular physical education activities or students in need of special work, will be assigned an individual program of exercise.

In cooperation with the National Defense program, the college is offering such courses as First Aid and Home Nursing.

A Physical Education fee of \$10.00 is charged all new students. This fee covers cost of gymnasium outfit, bathing suit, towels, laundry and upkeep of equipment for the four years. All equipment is bought by the college.

Students are urged to bring low-heeled oxfords, as all students are expected to wear them on the campus until lunch time.

At the end of any session a student who has failed four quarters of Physical Education will not be allowed to return to college unless the work is made up in the summer vacation.

PHYSICS

PROFESSOR CHRISTIAN

101a. PROPERTIES OF MATTER; MECHANICS.—Lectures, demonstrations, problems, and individual laboratory work.

Fall quarter: Monday, Wednesday, Friday 11:00.

Laboratory: Wednesday or Thursday 1:30-4:30.

Credit: Four quarter hours.

Prerequisite or parallel course: Mathematics 101.

102b. SOUND, HEAT, AND LIGHT.

Winter quarter: Monday, Wednesday, Friday 11:00.

Laboratory: Wednesday or Thursday 1:30-4:30.

Credit: Four quarter hours.

Prerequisite: Physics 101.

103c. MAGNETISM AND ELECTRICITY.—It is necessary to complete this third course to satisfy the science requirement in Physics.

Spring quarter: Monday, Wednesday, Friday 11:00.

Laboratory: Wednesday or Thursday 1:30-4:30.

Credit: Four quarter hours.

Prerequisite: Physics 102.

202a. LIGHT.—Physical and geometrical optics.

Fall quarter: Tuesday, Thursday 12:00.

Laboratory: Friday 1:30-4:30.

Credit: Three quarter hours.

Prerequisite: Physics 103.

205b. SOUND.—Principles of harmonic motion, acoustics, and some applications to music and speech.

Winter quarter: Tuesday, Thursday 12:00.

Laboratory: Friday 1:30-4:30.

Credit: Three quarter hours.

Prerequisite: Physics 101.

206c. MODERN PHYSICS.—Recent developments in spectra, radio, television, cosmic rays, geophysics, astrophysics, specific heats, quantum theory.

Spring quarter: Tuesday, Thursday 12:00.

Laboratory: Friday 1:30-4:30.

Credit: Three quarter hours.

Prerequisite: Physics 103.

301c. MECHANICS.—The fundamental laws of motion, force, and energy, with their applications to statics and dynamics of particles and rigid bodies.

Spring quarter: Monday, Wednesday, Friday 12:00.

Laboratory: Tuesday and Friday 1:30-4:30.

Credit: Five quarter hours.

Prerequisite: Physics 103.

303a. HEAT AND THERMODYNAMICS.

Fall quarter: Monday, Wednesday, Friday 12:00.

Laboratory: Tuesday and Friday 1:30-4:30.

Credit: Five quarter hours.

Prerequisite: Physics 103.

304b. MAGNETISM AND ELECTRICITY.

Winter quarter: Monday, Wednesday, Friday 12:00.

Laboratory: Tuesday and Friday 1:30-4:30.

Credit: Five quarter hours.

Prerequisite: Physics 103.

305b. SPECTROSCOPY.—Methods of spectrum analysis, and their application to astrophysics and atomic structure.

Credit: Five quarter hours.

Prerequisite: Physics 202 or Astronomy 203.

306c. MODERN PHYSICAL THEORIES.—The development of relativity and quantum theory in connection with their experimental background.

Credit: Five quarter hours.

Prerequisites: Physics 202, 303, and 304.

310b. HISTORY OF SCIENCE.—A study of the development of the physical and biological sciences from the Greeks to the present, including the lives of the scientists.

Winter quarter: Monday through Friday 8:30.

Credit: Five quarter hours.

Prerequisites: Biology 101, Chemistry 101, or Physics 103.

415a, b, c. DIRECTED STUDY IN MODERN PHYSICS.

Offered each quarter.

Credit: Three or five quarter hours.

Requirements for the major in Physics:

Basic courses: Physics 101, 102, 103.

Required courses: Physics 202, 301, 303, 304, and Mathematics 302.

Elective courses in Physics to complete the major must be approved by the department.

The minor must include the basic course indicated above and elective courses approved by the department.

SPANISH

PROFESSOR HARN

ASSISTANT PROFESSOR CILLEY

MRS. DUNSTAN

01. ELEMENTARY COURSE.—Grammar, dictation, translation, development of natural conversation, discussion in Spanish of texts read in class.

Throughout the year:

Section A: Monday, Wednesday, Friday 12:00.

Section B: Monday, Wednesday, Friday 12:00.

Section C: Tuesday, Thursday, Saturday 8:30.

Section D: Tuesday, Thursday, Saturday 9:30.

Section E: Tuesday, Thursday, Saturday 12:00.

Credit: Nine quarter hours, (1) if taken as a fourth language, (2) if followed by Course 101.

101. INTERMEDIATE.—Study of representative Spanish novels and plays, review of grammar, training in the use of the language in conversation and in composition, brief study of the historical and literary epochs in Spain.

Throughout the year:

Section A: Monday, Wednesday, Friday 2:00.

Section B: Tuesday, Thursday, Saturday 8:30.

Section C: Tuesday, Thursday, Saturday 9:30.

Credit: Nine quarter hours.

Prerequisite: (1) Two entrance units in Spanish; (2) Spanish 01 with merit.

Note: For students whose preparation is inadequate for the work of Spanish 101 this course is given in three quarters of four class hours a week. The course as thus arranged is numbered 101x and carries credit of nine quarter hours.

Fourth hour: Section A: Tuesday 12:00.

Section B: Monday 3:00.

201a. READINGS IN MODERN SPANISH LITERATURE.—Discussion of representative works; lectures; practice in speaking and writing; advanced prose composition.

Fall quarter:

Section A: Monday, Wednesday, Friday 12:00.

Section B: Tuesday, Thursday, Saturday 12:00.

Credit: Three quarter hours.

Prerequisite: Spanish 101 or its equivalent.

202b. THE SPANISH NOVEL.—Survey of literary trends in the novel. Reading and discussion of important works; lectures; reports on parallel reading; advanced composition.

Winter quarter:

Section A: Monday, Wednesday, Friday 12:00.

GENERAL INFORMATION

LOCATION

The College is located in Decatur, a city of about 20,000 people, and one of the principal residential suburbs of Atlanta. The metropolitan area has a population of more than 350,000. The whole community is noted for its educational interests and advantages. It would be hard to find a city with a richer musical, artistic, social and religious life. In this metropolitan area are located thirty-four institutions of learning, besides public schools, bringing thousands of students from all over the world, in addition to the local patronage.

The Agnes Scott campus is on the divide between the Atlantic seaboard and the Gulf coast and has an elevation of 1,050 feet. The water is freestone, and the climate is free from extremes of heat and cold.

EDUCATIONAL AFFILIATIONS

In 1907 the College was admitted to membership in the Southern Association of Colleges and Secondary Schools. In 1920 it was placed on the approved list of the Association of American Universities. It was a charter member of the American Association of University Women and of the Southern University Conference. In 1926 the Beta Chapter for Georgia of the United Chapters of Phi Beta Kappa was established at the College. In 1932 a chapter of Mortar Board was installed. Agnes Scott has played an active part in all these organizations.

BUILDINGS AND EQUIPMENT

The buildings of the College, thirty-nine in number, including several cottages occupied by members of the faculty, are situated upon a well-shaded and spacious campus of rare nat-

ural beauty. With the exception of the White House and the Infirmary, all the principal buildings are substantially constructed of brick, with trimmings of granite, limestone, or marble. Readers of this Bulletin will be especially interested in such of these buildings as form the working plant of the institution, and so the following brief description is given. Application may be made to the Registrar for any special information that may be desired concerning the halls of residence.

THE AGNES SCOTT HALL was the gift of the late Colonel George W. Scott, the revered and generous friend of the College, by whose munificence its existence was originally made possible. This building is the hearquarters for social activities on the campus. It contains an office of the Dean of Students, parlors, reception rooms, and Day Student quarters. It is centrally located and accessible from all parts of the campus. (See also Residence Halls below.)

BUTTRICK HALL was made possible by the generous support of the General Education Board of New York and is named in honor of Dr. Wallace Buttrick, former president of that Board and a sincere friend of Agnes Scott College. The building is four stories in height and is constructed of steel, reinforced concrete, brick and limestone, with a roof of antique tile.

The lobby, spacious enough to accommodate the whole college community at one time, is finished in natural oak wood, craftex, with crab orchard stone floors. The corridors are unusually wide and well lighted. Although the whole building is as near fire-proof as possible, three stairways with fire-proof stairwells and fire doors are provided. Automatic evelator service has also been installed.

The building contains forty-eight offices for administrative officers and faculty, thirty-two classrooms, three rest rooms, the post office, the book store, the college bank, the psychological laboratory, four vaults, and ample storage space.

THE CARNEGIE LIBRARY BUILDING is named in honor of Andrew Carnegie who provided personally the funds for the first Agnes Scott library building. Constructed of brick and Indiana limestone with graded tile roof, it belongs in style of architecture to the modern Gothic and conforms in type to the adjacent buildings.

The Library is constructed in the shape of an ell, one wing of which is two stories in height and consists of a large reading room on each floor. The other wing rises to four stories, with a large lecture room and storage space on the ground floor, with lobby and administrative quarters on the first floor, with seminar rooms, a staff lounge, projection and typing rooms on the second floor, and with a museum on the top floor. The tower bookstacks are located in the internal angle of the building.

The first floor reading room is large and lofty, finished with light woodwork and furnished with easy chairs and davenports in bright blue and red upholstery. The informality of the room is emphasized in the use of floor lamps, individual study desks, alcoves and a great stone fireplace. The reading room on the ground floor is also large and spacious, equipped with open reserve shelves and with a special type of Windsor chair designed for the comfort of a student working at a table.

A special feature which takes into account the mild, open winters of the Atlanta area is the outdoor reading terrace. This terrace, located so as to benefit from the sunny southern

exposure, is provided with weather proof chairs and tables and gaily colored umbrellas and affords a delightful place for reading or study.

The technical details are quite modern, the fire-proofing, damp-proofing, air-conditioning, and sound insulation having had successful attention.

PRESSER HALL is the most recent addition to the College plant, having been occupied for the first time in the autumn of 1940. It is named in honor of the late Theodore Presser, a prominent music publisher. The Presser Foundation, which he established, contributed a substantial part of the money for the new building.

Presser Hall contains excellent facilities for the teaching of Music, including studios, practice rooms, lecture halls, offices, and storage quarters. All of these have the latest improvements in air-conditioning, sound-proofing, and insulation.

The building is featured by Gaines Chapel, the assembly hall for the College, named in honor of Dr. F. H. Gaines, the first president of the institution. It is a beautiful Gothic church, which may be transformed into an auditorium for general assemblies, concerts, or plays.

In the same building also is Maclean Auditorium, seating 300 persons, and suitable for informal recitals, vesper services, and other group gatherings.

The building itself is constructed of brick and limestone with graded tile roof and is very similar in general style to Buttrick Hall and the Library.

THE LOWRY HALL affords excellent accommodation for the

departments of biology, chemistry and physics. It is equipped throughout with all appliances necessary for the proper teaching of these subjects including electricity, gas, and hot and cold water, both in the lecture-rooms and the various laboratories. On the left side of the main entrance is a bronze tablet with this inscription:

“This Science Hall is perpetually endowed by Robert J. and Emma C. Lowry in Memory of their Son, William Markham Lowry, Anno Domini, 1910.”

The department of biology contains three laboratories, a lecture room, a professor's office, a vivarium, a photographic room, a storage room, and a museum. The work of instruction and research commands the aid of suitable apparatus, such as microscopes, microtomes, ovens, baths, charts and illustrative collections.

The department of chemistry is well supplied with chemicals and chemical apparatus and the laboratories have every modern convenience that could be desired. Besides a large basement, there are five commodious laboratories, a lecture-room, a research laboratory, a professor's office, a library, three storage rooms, and two balance rooms.

In addition to these laboratories a geological museum is being equipped, and already a considerable number of fossils and mineralogical specimens are on hand.

The department of physics contains a large lecture-room, a professor's office and reference library, a dark-room, a large and well-equipped laboratory, and two store rooms.

BUCHER SCOTT GYMNASIUM-AUDITORIUM. This excellent building affords accommodations for some of the most useful

College activities. It is one hundred seventy-five feet long and one hundred six feet wide. The main gymnasium room is ninety feet by seventy, and there are two auxiliary gymnasium rooms. The stage is eighty by forty feet and equipped with the modern four-color lights. The auditorium has a capacity of nearly two thousand people. The swimming pool room is eighty-two by forty-two feet, and the pool itself is sixty by twenty-five feet, the room and pool being tile lined. There are five offices for physicians and physical directors, four rest rooms, special quarters for day students, and five rooms for general student activities.

THE MURPHEY CANDLER STUDENT BUILDING, named in honor of Hon. C. M. Candler, who was a trustee of the College 46 years, from its beginning until his death in 1935, was formerly used as a library building. In 1936 it was remodeled and is now one of the most popular halls on the campus. It provides headquarters for many of the student activities. Its lofty and spacious reception room, with two fireplaces, and with comfortable furnishings, is in constant use for parties or informal dancing or other forms of recreation. It has ten other rooms for meetings or groups or publications or committees. Both this building and the main reading room of the Library are open on Sundays.

Residence Halls

There are four residence halls, in addition to five cottages, giving dormitory space for three hundred and fifty. All these buildings are comfortably equipped, lighted and heated, and all contain both double and single rooms.

THE AGNES SCOTT HALL contains, besides the social quar-

ters, studios, etc., mentioned above, dormitory space for about seventy-five students.

THE REBEKAH SCOTT HALL, a memorial to the late Mrs. Rebekah Scott, wife of Colonel George W. Scott, contains, besides two dormitory floors, the College Chapel, a large dining-room, a commodious lobby, and various reception rooms. A colonnade connects this building with the AGNES SCOTT HALL and thus renders available for the latter building the dining-room of the former.

THE JENNIE D. INMAN HALL, a gift to the College of the late Samuel Martin Inman (for many years the honored Chairman of the Board of Trustees), as a memorial to his deceased wife, has three floors devoted entirely to bedrooms. The wide veranda of the building is extended to meet that of the WHITE HOUSE, in which is located the dining-room for both these halls.

THE WHITE HOUSE contains a large dining-room, kitchen, pantries, etc.

FIVE COTTAGES situated on the campus offer accommodations for about fifty students. These cottages are comfortably furnished and supplied with all modern conveniences.

Auxiliary Buildings

THE ANNA YOUNG ALUMNAE HOUSE, was erected through the joint efforts of the Trustees and the Alumnae in memory of Miss Young, who was for twenty-one years a beloved teacher in the College. It is a beautiful brick cottage, well equipped with a tea room for the use of the College community and with facilities for taking care of guests. It is especially a home for returning Alumnae and is under the general management of the Alumnae Association.

THE ALUMNAE INFIRMARY, a well-built, two-story house, situated south of Lowry Hall was added to the College plant through the efforts of the Alumnae. The building has been arranged so that it is admirably adapted to its purpose.

STEAM PLANT. Steam heat is supplied to all the College buildings from a modern and well equipped plant situated on the south border of the campus. This plant has all the latest devices for efficient service.

LAUNDRY. This is a very attractive building, adjoining the steam plant, and it also has just been erected. It is well equipped and is operated for the benefit of the College community.

FIFTEEN COTTAGES on the campus are available for faculty or officers. About half of these are heated from the central steam plant.

HARRISON HUT is a very interesting camp located in the forest to the south of the college grounds. It is accessible to the campus, but is secluded and quiet for afternoon or overnight groups who wish a touch of outdoor life. It has cooking facilities both indoors and outside of the hut.

SPECIAL ENDOWMENT FUNDS

The George W. Scott Foundation

To honor George W. Scott, a civic leader and founder of Agnes Scott College, citizens of Decatur contributed \$29,000 in 1909 for the endowment of some department of the institution. The disposition of the fund is directed by the Board of Trustees, and at present the income is applied to the maintenance of the department of Philosophy and Education.

The Samuel M. Inman Endowment Fund

The will of Miss Jane Walker Inman, probated August 2, 1922, made Agnes Scott College the residuary legatee and provided for the College \$144,453.42 in real estate, stocks, and bonds, and a life estate of \$50,000 which will eventually come to the College. The whole of this gift is to be used to establish "The Samuel M. Inman Endowment Fund" in memory of Miss Inman's brother, who was for many years chairman of the Board of Trustees.

John Bulow Campbell Fund

The sum of \$100,000 given anonymously by the late Mr. John Bulow Campbell of Atlanta was the first subscription made to the Semi-Centennial Fund of the College and has been set up as a memorial to the donor, who at the time of his death was chairman of the Finance Committee of Agnes Scott. The income is used to provide scholarship aid for worthy young women.

Frances Winship Walters Foundation

This fund of \$35,000 has been contributed by Mrs. Walters, a Trustee and a beloved alumna of the College. While the use of the income is unrestricted, at present it is applied to the assistance of young women who would not otherwise be able to attend Agnes Scott. This fund is being increased from year to year.

Joseph Kyle Orr Foundation

The Trustees of the College appropriated \$7,500 to establish a foundation in honor of Mr. J. K. Orr of Atlanta, who for twenty-three years served Agnes Scott as chairman of the Board and under whose leadership the institution attained its most rapid growth and recognition. This fund is being in-

creased by gifts from the family and friends of Mr. Orr, and the income is used to strengthen the administrative work of the College.

The Lowry Foundation

Mr. and Mrs. Robert J. Lowry of Atlanta have given to the College \$25,000 in memory of their son, William Markham Lowry. The income from this fund is applied towards the maintenance of the natural sciences; and in recognition of the generosity of the donors, the science building has been named "Lowry Hall."

Asa G. Candler Library Fund

This endowment fund has been named by the Trustees of the College in honor of Mr. Asa Griggs Candler, of Atlanta, who was a benefactor of the institution during his lifetime, and who was one of the chief promoters of Christian education in the South. The income on the approximately \$15,000 fund is used to purchase additional books for the library.

Quenelle Harrold Foundation

Mrs. Thomas Harrold, Americus, Georgia, has contributed the sum of \$10,000 to establish "The Quenelle Harrold Foundation" in honor of her daughter who graduated from Agnes Scott in the class of 1923. The income for the present is used to provide a graduate fellowship for some alumna who is well qualified for research and who gives promise of leadership.

Cooper Foundation

This has been established by Mr. Thomas L. and Mrs. Annie Scott Cooper, Decatur, Georgia. Mrs. Cooper was the daughter of Colonel George W. Scott, the founder of the College. The

Foundation consists of \$10,000, and the income may be used for whatever seems most needful for the College in any particular year. At present it is used to provide student aid for worthy young women.

George W. Harrison, Jr., Foundation

In the will of the late George W. Harrison, Jr., of Atlanta, Agnes Scott College was one of the residuary legatees. The funds derived from this source, approximately \$20,000, have been set aside for the establishment of this Foundation, the income from which will for the present be used in helping worthy young women with scholarship aid.

Louise McKinney Book Prize

Friends of Miss Louise McKinney, Professor of English, Emeritus, have provided a fund of \$1,000, the income of which is used to provide a prize for the best collection of books accumulated in any one year by a student. The books are to be owned intellectually as well as physically. The English Department will judge the collections submitted for consideration.

Anna Irwin Young Fund

This fund of \$2,900 is the gift of Mrs. Susan Young Eagan, Atlanta, an Agnes Scott alumna, in memory of her sister, who was for many years a beloved teacher at the College. At present the income is used to improve the Anna Young Alumnae House, which is itself named for Miss Young.

SCHOLARSHIPS

THE WILLIAM A. MOORE SCHOLARSHIP-----\$5,000

This sum was bequeathed to the College by the late William A. Moore, an Elder of the First Presbyterian Church of Atlanta.

The will of Mr. Moore provides that "this sum shall be held as a permanent fund as endowment for the education at this College of worthy girls of Presbyterian parents who are unable to provide a collegiate education for their daughters."

THE EUGENIA MANDEVILLE WATKINS SCHOLARSHIP-----\$6,250

THE J. J. CLACK SCHOLARSHIP FUND-----\$1,500

Mr. J. J. Clack, Starrsville, Georgia, arranged the fund during his life on the annuity plan. Since his death, the income is now available for worthy young women.

LINDSEY SCHOLARSHIP FUND-----\$5,000

Mrs. Dennis Lindsey, Decatur, Georgia, and the late Mr. Lindsey, have contributed this fund. Nominations for the award of the income are to be made annually by the Council of the Georgia Federation of Labor.

**KATE STRATTON LEEDY MEMORIAL
SCHOLARSHIP FUND**-----\$1,000

This fund was established by the late Major W. B. Leedy, Birmingham, Alabama, on the annuity plan. Since his death, the fund becomes a perpetual memorial to his wife, and the income will be used preferably for Alabama girls.

**EMPLOYEES OF ATLANTIC ICE AND COAL
CORPORATION SCHOLARSHIP FUND**-----\$2,500

This has been established by about ninety employees of the Corporation named under the leadership of the late President W. B. Baker. The income is preferably awarded to some worthy girl from a community where the company has a plant or branch.

THE ARMSTRONG MEMORIAL TRAINING FUND-----\$2,000

This was established by the joint gifts of the late Mr. George F. Armstrong and his wife, Mrs. Lucy May Camp Armstrong, Savannah, Georgia. It is a memorial to him. The income will be used primarily for those who wish to prepare for service in the Young Women's Christian Association.

THE MILLS MEMORIAL SCHOLARSHIP FUND-----\$1,000

The late Mr. George J. Mills, Savannah, Georgia, gave the money for this fund, and it is a joint memorial to him and his wife, Mrs. Eugenia Postell Mills, whose death preceded his by only a brief time.

THE MARY D. SHEPPARD MEMORIAL SCHOLARSHIP-----\$2,500

The alumnae of the College, citizens of Tallapoosa, Georgia, and other friends have established this fund in honor of Miss Mary Sheppard, who was a teacher in the institution and later a resident of Tallapoosa. Preference in awarding the income will be given to worthy girls from Haralson County, Georgia.

THE MARTHA MERRILL THOMPSON

SCHOLARSHIP FUND-----\$2,000

The members of the class of 1905 and other friends have contributed this fund in memory of their classmate, Miss

Martha Merrill, Thomasville, Georgia. Preference in awarding the income will be given to those who plan to do missionary work.

THE ANNE V. AND JOHN BERGSTROM

SCHOLARSHIP FUND-----\$1,000

This fund was established by Mrs. Martha Wynunee Bergstrom, Atlanta, Georgia, on the annuity plan. Since her death, the income is available for worthy girls. The fund is named in honor of two of her children who died in their youth.

MARY C. DAVENPORT SCHOLARSHIP FUND-----\$1,000

Contributed by Mrs. Pearl C. Jenkins, Crystal Springs, Mississippi. The income is loaned each year without interest to some worthy girl. Preference is given to Presbyterian students.

CAPT. AND MRS. J. D. MALLOY SCHOLARSHIP-----\$3,500

Messrs. D. G. Malloy and J. H. Malloy, Quitman, Georgia, are establishing a memorial scholarship in honor of their father and mother, and the income on the amount named above is now available. This scholarship aid is awarded on the nomination of the donors.

COL. JOSEPH B. PRESTON SCHOLARSHIP FUND-----\$1,000

This fund was provided by the late Mrs. Clara J. Preston, Augusta, Georgia, on the annuity basis. After her death, the income has become available for award, preference being given to applicants from Georgia.

THE VIRGINIA PEELER LOAN FUND-----\$1,000

Miss Mary Virginia McCormick, Huntsville, Alabama, has given this sum in honor of Miss Virginia Peeler who graduated at Agnes Scott in the class of 1926. The income is to be loaned to worthy girls on easy terms.

DR. AND MRS. T. F. CHEEK SCHOLARSHIP FUND-----\$1,500

This fund was established by Mrs. T. F. Cheek, of Birmingham, Alabama, on the annuity plan. Since her death, the income is awarded according to the worth and need of the applicants.

WACHENDORFF SCHOLARSHIP FUND-----\$1,000

Given by Messrs. C. J. and E. W. Wachendorff, Atlanta,

Georgia, in honor of their mother. The income is to be awarded according to the worth and need of applicants.

THE SAMUEL P. THOMPSON SCHOLARSHIP-----\$5,000

Established by his wife, Mrs. S. P. Thompson, Covington, Georgia, on the annuity plan. Since her death the income is available for assisting worthy young women.

LOUDIE AND LOTTIE HENDRICK SCHOLARSHIP-----\$5,000

Established on the annuity plan by Miss C. N. Hendrick, Covington, Georgia. Since her death the fund is a joint memorial to her and her sister. The income is available according to the relative worth and need of applicants.

SARAH FRANCES REID GRANT SCHOLARSHIP-----\$6,000

This fund is the gift of Mrs. John M. Slaton of Atlanta and is named in honor of her mother. During the lifetime of the donor, the income is to be awarded on the nomination of the Atlanta Chapter of the Daughters of the American Revolution.

LULU SMITH WESTCOTT FUND-----\$2,500

The gift of Mr. G. L. Westcott, Dalton, Georgia, and named in honor of his wife, a graduate of the College. While the income of the fund is not specifically designated for scholarship aid, it is the desire of the donor that for the present it be used to help girls interested in missionary work.

NELL HODGSON WOODRUFF SCHOLARSHIP FUND-----\$1,000

Mr. Robert W. Woodruff, Wilmington, Delaware, has given this fund and named it in honor of his wife. The income is awarded according to the worth and need of applicants.

THE KONTZ SCHOLARSHIP FUND-----\$1,000

This fund has been established by Judge Ernest C. Kontz, of Atlanta, in memory of his mother, Mrs. Mary Elizabeth Trabert Kontz. The income is awarded annually on the basis of the worth and need of the applicants.

MARTHA BOWEN SCHOLARSHIP FUND-----\$1,000

Provided by the classmates and friends of Miss Martha Bowen, Monroe, Georgia, a member of the class of 1925, who died before graduation.

MARIE WILKINS DAVIS FUND-----\$4,000

The property from which this fund was realized was left by her mother as a memorial for Marie Wilkins (Mrs. W. H. Davis) of Waynesboro, Georgia, who was a student in Agnes Scott Institute.

GEORGIA WOOD DURHAM SCHOLARSHIP-----\$6,500

Contributed by the late Mrs. Jennie D. Finley in honor of her mother. Students from DeKalb County, Georgia, are given preference in the awards of the income.

JENNIE DURHAM FINLEY SCHOLARSHIP-----\$5,000

Contributed by Mrs. Finley in order to aid primarily girls from DeKalb County, Georgia, who are given first consideration in awards.

HUGH L. AND JESSIE MOORE MCKEE FUND-----\$5,500

Established by Mrs. Jessie Moore McKee of Atlanta. The principal is loaned to worthy young women, preferably girls from DeKalb and Fulton Counties, and bears no interest while they are at Agnes Scott and none on any part of the loan that is repaid within one year after leaving college. Further details may be obtained from the Treasurer of the College.

MARY SCOTT SCULLY FUND-----\$1,000

Mr. C. Alison Scully, Philadelphia, Pennsylvania, has established this fund in memory of his mother, a granddaughter of Mrs. Agnes Scott, for whom the College was named. The income is used in helping worthy young women.

ANNUAL SCHOLARSHIPS

THE COLLEGIATE SCHOLARSHIP.—The College offers tuition for the next session to the student, in any class below Senior, who attains the highest general proficiency. In order to compete for this scholarship, the student must pursue a regular course. The scholarship is not transferable, and is good only for the session immediately succeeding the commencement at which it is awarded.

THE ALUMNAE SCHOLARSHIP AID.—The alumnae have given more than \$1,000 to establish the Sheppard Scholarship mentioned above; and, in addition, they have recently begun a fund to be known as “The Alumnae Loan Fund,” the interest

from which is to be used for those who find it necessary to borrow money for the completion of their college work.

SPECIAL SCHOLARSHIPS.—Scholarships paying tuition for one session in Piano, Voice, Art and Speech are offered. Conditions of award may be ascertained on application to the President.

STUDENT AID

All applications for scholarship aid from any of the funds outlined above should be made in writing on forms which may be obtained from the President's office.

HOPKINS JEWEL AWARD

This has been established in honor of Miss Nannette Hopkins. The prize is a white gold ring with an amethyst stone—significant of the College colors, purple and white; and it is awarded each year to the member of the senior class who most nearly meets the ideals of the College.

THE LAURA CANDLER MEDAL

This medal, the gift of Mrs. Nellie Scott Candler of Decatur, is awarded to the student of sophomore, junior or senior grade who makes the highest average for the year in mathematics, provided her work is of marked excellence.

RICH PRIZE

The firm of Rich's, Inc., Atlanta, Ga., offers each year a prize of Fifty Dollars to that members of the freshman class who makes the best record for the year. The award is made at Commencement.

FRANK MORLEY PRIZE

Offered annually for the most original work in mathematics done by any member of the sophomore or junior class. Given

by Major Henry A. Robinson, U. S. Army, who is on leave of absence from the College.

FELLOWSHIPS

Two fellowships may be awarded annually to members of the senior class. These fellowships carry with them remuneration amounting to the recipients' entire expenses for one year, including tuition in any department of the College (except "specials") in which they may elect to continue their work.

EXPENSES FOR THE YEAR

Non-Resident Students

Tuition, including the use of library, gymnasium, lounge rooms, general student activities, and instruction in all subjects offered in the curriculum except "Specials" -----	\$315.00
Maintenance fee -----	15.00

Total for the session ----- \$330.00

Payable on entrance in September, \$185.00; on January 1st, \$145.00.

(Laboratory fees and "Specials" not included.)

In addition, *new* students will pay the \$10.00 gymnasium fee on entrance (see page 110).

Resident Students

Tuition, etc., as above -----	\$315.00
Maintenance fee -----	25.00
Medical fee -----	10.00
Board, including room, heat, light, laundry (1½ dozen plain pieces) -----	450.00

Total for the session ----- \$800.00

Payable on entrance in September, \$500.00, less the registration fee of \$25.00, making the amount due \$475.00. In addition, *new* students will pay the \$10.00 gymnasium fee on entrance (see page 110). The remainder, \$300.00, is payable January 1st.

Payments must be made direct to the Treasurer on the specified dates. *No bills are rendered for any items.*

This does not include Laboratory fees in any Science, nor does it cover "Specials," which fees *must* be paid to the

Treasurer before admittance to classes in any science or "Special" subject, and his receipt presented to the professor.

Special Fees

Piano -----	\$120.00
Organ -----	120.00
Voice -----	120.00
Violin -----	120.00
Art -----	100.00
Speech (individual lessons) -----	100.00
Voice (in classes) -----	30.00

Use of Piano, one hour daily -----	10.00
Laboratory fee (for the session) -----	10.00
Laboratory fee (quarter course) -----	4.00
Breakage fee (in Chemistry only) -----	5.00
Diploma fee -----	5.00
Gymnasium Uniform and Equipment (applies only to new students) -----	10.00

Payable, one-half upon entrance; remainder on January 1st, except laboratory, breakage and Gymnasium fees, which are payable in full at entrance.

If half time work is permitted in any "special," the charge will be \$10.00 more for the session than half of the regular fee would be.

Terms

No student will be received for less than a full quarter.

No refunds of any nature are made on account of the withdrawal of a student.

No student will be granted a diploma or a certificate or a transcript of her record sent to another school unless all of her financial obligations to the College have been paid in full;

this includes any loan that may have been made by the College.

No student will be allowed to attend classes, or be permitted to take an examination, where her financial affairs have not been fully satisfied.

Where a patron finds it necessary to request deferred payment of his account, when due, special arrangements must be made *in advance* of the due date with the Treasurer. In all such cases notes must be signed, in advance. They bear interest at six per centum from date payment was due. Where a note is accepted it is done with the full understanding that the account is not considered as settled unless the notes are met promptly on due date.

It is distinctly understood that upon the entrance of a student her parent, or guardian, accepts the terms and regulations as outlined in the catalogue as final and binding upon them.

Notes

It is recommended that each student be provided with \$20.00 upon entrance to college in order that she may be able to purchase the necessary books and stationery. These are sold by the College at city prices for *cash*.

It is hoped that parents will make only moderate allowance to their daughters for spending money. When money is deposited with the Treasurer for students, it is paid out on their checks, and no other account is kept except the cancelled checks.

In cases of protracted sickness or contagious diseases, parents must provide a nurse at their expense. Also they must pay for medicines and for consultations.

The College exercises every precaution to protect property of students, but will not be responsible for any losses that may occur.

Discounts

When two or more sisters enter as boarding students a discount of \$30.00 is allowed from the September payment, and \$13.00 from the January payment, for each student.

Students holding College scholarships will not be given any further discount.

A discount of \$100.00 on tuition will be made to ministers regularly engaged in their calling who send their daughters as boarding students. This is credited one-half in September and the remainder in January.

To ministers regularly engaged in their calling, who send their daughters as day students, a discount of \$29.50 will be allowed on tuition. This is credited \$17.00 in September and \$12.50 in January.

The boarding department will be closed during the Christmas holidays.

Communications concerning courses of study, inquiries concerning health and conduct of students, and general administrative details, should be addressed to the President; concerning absences and social and domestic matters to the Dean of Students; and concerning all business transactions, to the Treasurer.

Furniture

The College supplies each room with single beds, complete with mattress and pillow; bureau; chairs; study table; student lamp; bookcase; and trash basket. Each student should bring with her sheets, blankets, counterpanes, pillow-cases, towels, six small dinner napkins, and any article, such as rugs, curtains, etc., she may wish to use in her room.

All articles, including trunks, must be plainly and durably

marked with the name of the owner. Failure to comply with this requirement causes great inconvenience and sometimes loss.

Arrivals at Night

Students arriving in Atlanta in time for the *official* opening of College in September are met, on request, by a representative of the College, without charge.

At *other* times a chaperon's fee will be charged for meeting students. If two or more are met the charge is to be divided equally among them.

Students, when met under the above rule, are expected to pay to the Dean the fee on the day *following* their arrival, since no account will be opened on the Treasurer's books for this fee.

Guests

The College regrets that it has been found necessary to limit the free hospitality it has heretofore extended. Since every space in the dormitories is occupied by faculty and students, guests cannot be entertained without serious inconvenience except from Saturday to Monday. At such times, after consultation with the Dean, vacancies caused by the temporary absence of students may be utilized for guests at a charge of one dollar and fifty cents a day. Whether guests are being entertained for the week-end or for a single meal, permission must be obtained from the Dean and meal tickets procured at the business office.

The above regulations do not apply to the Alumnae. When they desire to visit the College they are asked to communicate with the Dean stating the date and length of the proposed visit.

All guests are expected to conform to the dormitory regulations.

STUDENT ACTIVITIES

The student organizations and publications occupy a most important place in the community life of the College, and are commended as valuable educational aids in the work of training young women for the highest efficiency. It will be evident that these enterprises entail a certain amount of financial expenditure. In order to reduce this expense to a minimum, and at the same time to insure the continued life and activity of the various necessary developments of the student body, a general coöperative plan has been devised by the students.

A Student Budget has been arranged to cover most of the organizations or activities that concern the campus as a whole. Included in it for a part of their support are the following: Student Government Association, Agnes Scott Christian Association, Athletic Association, "Aurora," "Silhouette," "Agnes Scott News," "Student Handbook," Mortar Board, Pi Alpha Phi, Lecture Association, Blackfriars, May Day Committee, International Relations Club.

Beginning in 1939, the College has arranged to collect this Student Budget fee for distribution among the organizations, and it is included under the general College fees, \$18.00 being the amount allocated for this purpose.

Organizations

THE STUDENT GOVERNMENT ASSOCIATION.—This organization, based upon a charter granted by the faculty, has for its purpose the ordering and control of the dormitory life and of most other matters not strictly academic. Its membership includes all the students. The most gratifying results have

continually followed the increase of opportunity and of responsibility thus given to the students, especially in the development of self-restraint, consideration for the majority, and the true coöperative spirit.

AGNES SCOTT CHRISTIAN ASSOCIATION.—The objects of this Association are:

To develop the spiritual life of the students.

To coöperate with other student associations in general Christian work.

To do all possible to advance the Kingdom of God.

The various departments of the Association work are well organized and render efficient service. The Association has the sympathetic interest and support of the faculty, while the student body, with few exceptions, are members. The leaders among the students are also the leaders in this work, and thus the organization wields a large influence for good.

ATHLETIC ASSOCIATION.—The Athletic Association coöperates with the Department of Physical Education in the management of sports. There are three seasons. During the Fall season hockey, swimming, archery, tennis, golf and riding are offered; during the Winter season basketball and riding; during the Spring swimming, archery, tennis, riding and golf. Interclass games are played in hockey and basketball and tournaments are arranged in tennis, archery and golf. A horse show is held at the end of the Fall season. Swimming meets are held during the Fall and a Water Pageant is given during the Winter season. A tennis club affords much enjoyment to the more skilled players. Membership in the outing club is open to those skilled in hiking, camp craft, and outdoor cooking.

An athletic field affords excellent opportunity for hockey,

while eight tennis courts are in almost constant use the whole year.

PUBLIC LECTURE ASSOCIATION.—An organization of students and faculty has been formed for the purpose of inviting noted speakers, from time to time, to address the College community. These lectures are likewise open to the public upon the payment of a small fee.

Publications

The students issue the following publications:

THE AURORA.—A quarterly magazine devoted to the development of literary effort among the students.

THE SILHOUETTE.—The annual, published by the student body. It is intended to give, in humorous and artistic vein, a record of the student life for the current year.

THE AGNES SCOTT NEWS.—A weekly newspaper published by the student body. It has as its object the promotion of loyalty to the College and the dissemination of local news.

THE STUDENT HANDBOOK.—A manual of information issued annually by the Student Associations.

RELIGIOUS LIFE

Every effort is made to promote earnest and pronounced religious life in the College. Students are requested to select the church they desire to make their church home as soon as practical after arrival. Ordinarily this must be the church of their parents. They are expected to attend this church on Sunday morning. Attendance on daily morning prayers is expected.

The regular Sunday evening service and the mission study classes, conducted by the Christian Association, are largely attended, as is also the tri-weekly vesper service in the chapel under the leadership of members of the faculty.

STUDENT HEALTH SERVICE

The Student Health Service is under the direction of the college physician, a woman, who lives on the campus and is constantly available. She is assisted by two trained nurses who live in the infirmary and are constantly on call.

Each new student is required to submit at the time of application a certificate of examination by her private physician, a certificate of successful vaccination within six years, and a medical history blank on the forms supplied by the College.

All new students are given a thorough physical examination in the fall and spring of their first year, and each student has a spring examination during her stay in college. The physical education requirements, and in many instances the academic work for the individual, are regulated in accordance with the findings on physical examinations.

Each new student takes the tuberculin test, for which a fee of ten cents is charged. If the test is positive, she has a chest X-ray which is made free by the state. X-ray pictures are taken again in the senior year.

Free typhoid inoculations are given if desired, and other personal needs are met as far as possible by the medical department.

Boarding students who are ill must report to the physician so that they may be cared for in the infirmary. Boarders are not excused from classes for illness unless they are in the infirmary. Hospitalization is used as a means of preventing illness as well as in restoring health to those who are ill.

The medical fee of \$10.00 per year covers ordinary infirm-

ary and office care unless special medication or nursing is needed, in which case the expense is met by the individual. Boarding students should consult the college physician before seeking medical or dental care in Atlanta. This policy saves embarrassment for all concerned. Consultants are called in at any time upon request.

ALUMNAE ASSOCIATION

The Alumnae Association of Agnes Scott College was organized during the Commencement of 1895. The purpose, as originally outlined that of promoting the welfare of the College and its alumnae by increasing the interest of its members in the College and in each other, has been consistently maintained.

The work of the association is conducted largely through the Executive Board, composed of six officers and nine chairmen of standing committees—Publicity, Preparatory Schools, Curriculum, House and Tea Room, Local Clubs, Grounds, Entertainment, Student Loan, Constitution and By-Laws. Fifteen state presidents and four councillors-at-large serve in an advisory capacity. A representation from the administration, student body, alumnae trustees, classes graduated, and local clubs is secured through semi-annual meetings of the Alumnae Council. The annual meeting for the general association is held during Commencement.

The Alumnae Association owns and operates the Anna Young Alumnae House on the campus. In this are housed the Tea Room, under the supervision of the association, guest rooms for visitors, and the office of the Executive Secretary employed by the association.

The officers for the session 1942-43 are:

- President—Miss Margaret Ridley, '33,
123 Meade Road, Decatur, Ga.
- First Vice-President—Mrs. Lewis M. Gaines, Institute,
225 S. Candler Street, Decatur, Ga.
- Second Vice-President—Mrs. Francis O. Clarkson, '22,
227 Cherokee Road, Charlotte, N. C.
- Secretary—Mrs. Hal Smith, '31,
3215 Habersham Road, Atlanta, Ga.
- Treasurer—Miss Frances McCalla, '35,
Agnes Scott College, Decatur, Ga.
- Executive Secretary—Mrs. Schley Howard, Jr., '34,
Agnes Scott College, Decatur, Ga.

Students are listed in the various classes under the following limitations:

(1) As Seniors, upon the completion of one hundred twenty-nine quarter hours of credit (not including physical education) at least fifty-four of which are of merit grade, provided fifty-one quarter hours be taken in the current session.

(2) As Juniors, upon the completion of seventy-eight quarter hours of credit (not including physical education), at least twenty-seven of which are of merit grade, provided fifty-one quarter hours be taken in the current session.

(3) As Sophomores, upon the completion, as a minimum requirement, of thirty quarter hours of credit (not including physical education), at least fifteen of which are of merit grade, provided forty-eight quarter hours be taken in the current session, or upon the completion of an increased number of credit hours for proportionate loss of merit hours, provided sufficient hours be taken in the current session to meet the credit hour basis for minimum requirements.

(4) As Freshmen, upon presentation of requirement for regular admission, provided one of the groups of studies prescribed for Freshmen be taken. In this class are likewise listed second year regular students who have not been admitted to Sophomore standing.

(5) As Irregulars or as Specials, if the regular admission requirement has not been presented, or if the regular groups of study are not followed.

(6) As Unclassified, upon presentation of tentative credits, amounting to at least thirty quarter hours, from another college.

(7) At least eighteen quarter hours of merit grade must be credited to the student each year after the Freshman year for class promotion. A minimum of forty-eight quarter hours of merit grade must be secured in the Junior and Senior years and a minimum of twenty-one quarter hours of merit grade must be secured in the Senior year.
