CHRISTMAS CAROLS

MERRY CHRISTMAS TO ALL !

## 217 YEARS OF SERVICE

JOHN FLINT --- 43 Years

Born in 1884 in Newton County, Georgia. He is the oldest employee from the standpoint of continual service. Employed at Agnes Scott College as janitor in Rebecca Dormitory, December, 1910. John was a favorite among those who came in contact with him when the college used the White House dining room. His reputation has continued to increase even more so in the new dining room as Head Waiter and Director of Cafeteria Personnel.

BEANIE HARDEN --- 38 Years

Born in Monroe, Georgia, 1910. Beanie was employed in September, 1915 as laundry checker. She was fourteen years old when she became connected with the college. During her years she has obtained an enviable record in attendance as well as knowing the students laundry marks and yet not knowing the students themselves. Beanie's best trait is her willingness and never tiring efforts on the job.

ESTELLE RAKESTRAW --- 32 Years

Born in DeKalb County, Georgia around 1900. Began work as laundry checker in December, 1921. Her work exemplifies her character for its neatness and her willingness to cooperate with all concerned. Estelle's son serves as porter with the Pullman Company. His record being a tribute to her.

LESSIE CASH --- 31 Years

Born in Putnam County, Georgia around 1900. Began work as relief person for all laundry employees and continues to help others with their work in a good spirit. Lessie is very interested in her Church activity and gives freely of her time for all worthwhile projects.

HENRY SIMMONS --- 27 Years

Born in Morven, Georgia, January 25, 1906. Began work at Agnes Scott College in August, 1928 as janitor. Henry's many duties include collecting student laundry and delivering the laundry to the respective dormitories. Henry's remarkable memory is cited by his knowing the names, room numbers, and laundry number for each student. He has served on most all occasions during his service time. He is well known for his good disposition and his cheery smile for everyone.

ELLA ANDERSON --- 24 Years

Born May 1, 1907. Began work in August, 1929 as presser. Ella is married and has five children. Her general attitude and desire to carry the load for her work is a real compliment to her. While Ella was confined for her children she was away only a few months at a time and during her absence she supplied a substitute for her work.

CARRIE JACKSON --- 22 Years

Born in Rockdale County, 1909. Carrie was employed March, 1931 and has faithfully executed her duties and has the reputation of working as regular as a clock and never stops from the beginning to the end of a day.
