## AGNES SCOTT AND DANCERS COLLECTIVE PRESENT PITTSBURGH'S DANCE ALLOY

Agnes Scott College and Dancers Collective jointly present DANCE ALLOY, Pittsburgh's resident contemporary dance company under the artistic direction of Mark Taylor. DANCE ALLOY will perform the Atlanta premiere of "Crossings" accompanied by the 12-voice choir Triumphant Delegation, under the direction of Robin Brown.

"Crossings" and other works from the company's repertoire will be performed at 8:15 p.m., Jan. 27 and 28, and at 2 p.m. and 8:15 p.m., Jan. 29, in Gaines Auditorium.

"Crossings," commissioned in 1991 from New York choreographer David Roussève and composer/vocalist Ysaye Barnwell of Sweet Honey in the Rock, tells the story of a young woman's experience of love, loss and self-discovery in a challenging form that mixes dance, music and narrated text. The piece celebrates the crossing of paths in the relationship between a young African-American girl and her "Nana." "While the African rhythms are the glue that hold the piece together, the audience will also recognize the influence of the spiritual, children's game songs, gospel and rap music," says choreographer Roussève. The piece premiered in New York in 1992.

Tickets are \$12 for the general public and \$10 for non-ASC students, senior citizens and ASC faculty and staff. ASC students should claim their tickets at the information desk as soon as possible. Groups rates are available. For more information or to reserve tickets by VISA or Mastercard, call ext. 6430.

## ASC PHONE PREFIX CHANGES MARCH 12

On March 12, the three-digit prefix of Agnes Scott's telephone numbers, 371, will change to 638. The last four digits (telephone extension numbers) will remain the same. For example, 371-6480 will become 638-6480. The main number of the College will be 638-6000. There will be no change in the WATS (800) line number.

Southern Bell will put an announcement on the old 371 telephone numbers for a limited time which will inform callers of the new telephone number.

The new telephone switch, located in the basement of Walters, will be operating on new outside cabling leading to each building on campus and then connected to the old wiring inside each building. Offices will continue to use present telephone sets for now.

Offices and departments are asked to begin thinking about how the phone number change will effect operations. Consideration is being given to ways to best communicate the change to campus publics, (for example, the creation of an announcement postcard.) Please pass along any ideas or suggestions to Sara Pilger at ext. 6294 by Jan. 25.

Plans are also in the making for training classes for new features to be offered by the new phone system. Distribution plans for new telephones to staff and faculty, and the conversion of extensions from old wiring to new wiring, are being considered. The campus community will be kept informed as these plans are finalized.

## PHI BETA KAPPA SPONSORS ECONOMIC LECTURES

"*Déjà vu l' économie*: British 'failure' 1890; American 'failure' 1990" is the topic of a public lecture sponsored by Phi Beta Kappa at 8 p.m., Monday, Feb. 7, in Buttrick G-4. The lecturer is Donald McCloskey, professor of economics and history at the University of Iowa, where he is also director of the Project on Rhetoric of Inquiry.

McCloskey asserts that America has not 'failed' economically, any more than Britain did a century ago. In fact, other countries have converged to an American and British standard of competence. The rhetoric of failure is startlingly similar in the 1890s and the 1990s, but it was and is misleading.

All students, faculty and staff of Agnes Scott are welcome to attend this public lecture and two classes which will be held on Tuesday, Feb. 8, in Buttrick G-4. From 9:25 to 10:40 a.m., McCloskey will lecture on "The Extent of the Market, Ancient and Modern," and from 10:55 a.m. to 12:10 p.m., he will present "Reading the Economy: An Anthology of Literature and Economic Life."

Students and faculty from the departments of economics, history and English are invited to join McCloskey and members of Phi Beta Kappa for lunch at 12:15 p.m., Tuesday, Feb. 8, in the Faculty/Staff Dining Room.

Please come by the financial aid office to pick up either of the forms if they weren't received. Also contact the financial aid office if aid was not requested for 1993-94. ## ASC TORNADO ALERT PLAN

The tornado season in Georgia runs from February through June. Below is a guideline to follow before such conditions arise, and throughout "watch" and "warning" situations.

The Department of Public Safety monitors the National Weather Service on its police communications system. Once Public Safety receives information from the National Weather Service of either a "tornado watch" or "tornado warning" the following steps will be taken.

1. As soon as the Atlanta metro-area is identified as a "watch" area, Public Safety will notify the Dean of Students office and begin notifying residence halls by way of senior residents, residence assistants and the hostess, if one is on duty. Building captains will be notified so they are aware of the existing conditions.
2. If DeKalb County is placed in a "warning" status, Public Safety will activate the Emergency Call List to the appropriate areas. Also, one officer will circulate campus in a patrol car with the siren activated while the other officers move through the buildings, advising persons to move to the lowest level staying away from windows. Building captains will assist officers in the administrative/academic areas of their buildings.
3. As soon as the "warning" status has been lifted for this area, officers will begin building to building notification since it is likely that the power will be out due to the storm. Please stay in the designated evacuation areas until there is official notification by either TV, radio, an officer or a building captain that the "warning" has been lifted.

In preparation for severe weather the Department of Public Safety encourages each office area to maintain a flashlight and a battery-operated portable radio (both with fresh batteries).

The Department of Public Safety has started the Building Captain Program which is designed to expedite evacuation during emergencies. A selected group of faculty and staff members will be assisting ASC police officers in evacuating buildings in case of a tornado, fire or bomb threat. In order for everyone to become familiar with their respective building captain, a list has been provided.

## FOUNDER'S BIRTHDAY PARTY SET FOR WEDNESDAY

All members of the faculty, administrative and hourly staff and student body are in for a special treat as we celebrate the birthday of the College's founder, George Washington Scott, on Wednesday, Feb. 23. Everyone on campus is invited to the birthday luncheon. Classes normally held at 12:20 p.m. on Wednesdays will meet earlier in the day at 10:25 a.m., so that all are free to enjoy a humorous sketch "Since We Forgot," written and directed by Dudley Sanders. Loosely based on Agnes Scott College history, this short performance is scheduled to begin at 12:15 p.m. in Evans Dining Hall. Staff who normally close offices from 12:30-1:30 p.m. should plan to reschedule the lunch hour in order to be in the dining hall ready for the show by 12:15 p.m.

Your patience and cooperation will be needed as we attempt to stagger lunch times so that all who wish to attend can be accommodated. Perhaps many on campus can arrive early for lunch and ensure that you have gone through the line and found a seat well in advance of the start of "Since We Forgot." Those who must rush from a class ending at 12:10 p.m. are encouraged to enter the dining room and find a seat or standing room to watch the performance, delaying going through the lunch line until the program ends so that you won't miss a thing. Thank you for helping to make this occasion fun for everyone!

Strategic Planning News

VOLUME VI

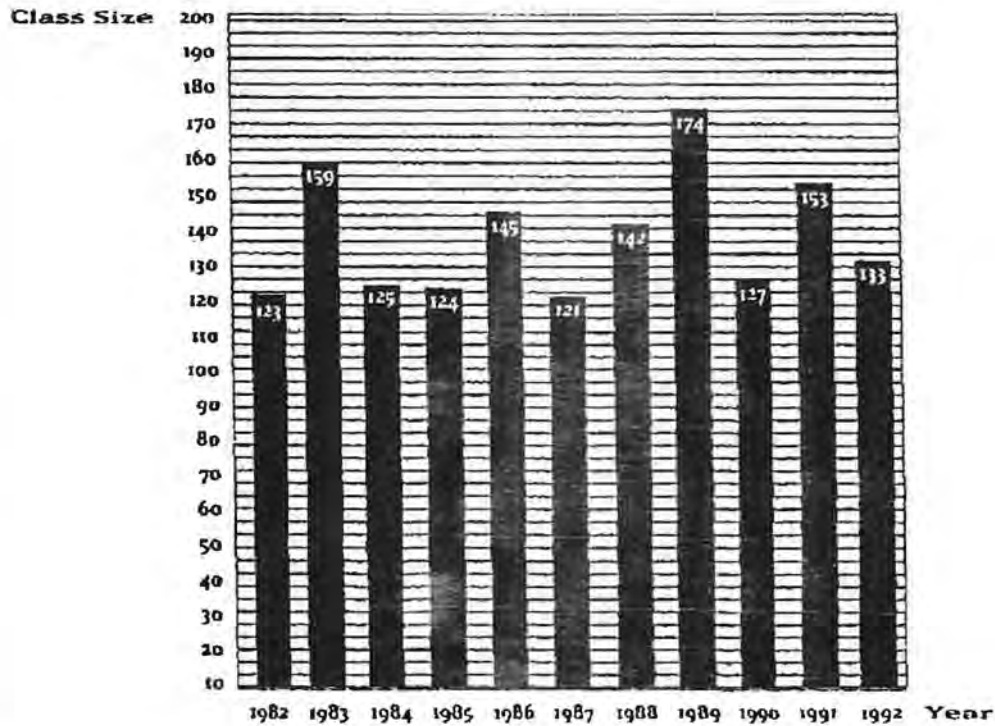

February 18, 1994

The Strategic Planning Monitoring & Revision Committee, which has decided to shorten its name to Strategic Planning Committee, began discussing enrollment and financial aid issues in February. The conflict of spending more money on programming to attract students versus the rising costs of financial aid was discussed in relation to the HOPE program and demographic trends in Georgia. The following graphs were shared with the group.

FTE Enrollment, Fall Semester & Annual

AGNES SCOTT COLLEGE  
Ten Year History of First-Year Enrollment

Recognizing that recruitment and enrollment issues are major problems, the committee began raising questions about linking the liberal arts curriculum to professions, which led to the possibility of adding new programs in health and international business. Other areas such as communication and the environment were also mentioned.

The committee also began searching in earnest for ways to address the crisis of spirit on campus and to build coalitions among campus members for the advancement of the institution and benefit of the college community.

Members of the committee invite the campus community to suggest issues to be discussed or recommend ideas. Please be in touch with any of the committee members to share your concerns. Watch for regular "Choosing Our Future" updates in the "Campus Connection" for committee news and actions.

The play takes place on a stormy night when three people involved in competing relationships expose their vulnerability as they reveal differing perceptions of reality.

Senior Teresa Marie Kelly directs Jennifer Johnston's "The Nightingale and Not the Lark," a collision of past and present in which an elderly actress conjures up the ghost of her past and see her life reflected in that of a young woman. This play has roles for two women and two men.

Auditions will be comprised of cold readings on March 6 and 7 and call backs on March 8. Actors are encouraged but not required to attend both sessions of cold readings. Questions may be directed to J. Stanley at ext. 6250.

## PUBLIC RELATIONS REPORTS RESULTS OF "CAMPUS CONNECTION" SURVEY

The "Campus Connection" survey results are in! The responses showed that the "Campus Connection" has become an important channel for communication to the campus with 71% of the respondents citing it as their primary source of information. Nearly that number (69%) read it entirely each week, with the majority of the remaining respondents reading only the announcements that apply to them. The following are among the highlights of the survey:

- The most requested change was the addition of a question and answer column (28%), followed closely by additional personal news (24%).
- Over-half (55%) of the respondents recycle the "Campus Connection," with 48% keeping it for at least a week.
- Students would prefer to have more informative announcements (34%) and are willing to use a form for submissions (40%).
- Faculty responses favored brevity (65%).
- Nearly all of the hourly staff respondents read the "Campus Connection" entirely each week (88%).
- Salaried staff respondents want more personal news and a question and answer column (45% each).

Several comments and suggestions were offered. Many of those concerned distribution patterns on campus. Some buildings are still having a problem getting the "Campus Connection" on Friday, or even by Monday. The Office of Public Relations inserts each edition into campus boxes usually by 10:30 a.m. on Friday mornings, or immediately after the "Campus Connection" arrives from the printer. In order to deal with inconsistencies in the time/day offices receive it, the calendar section begins on Monday instead of Friday. Offices which would like to work out other ways to receive the "Campus Connection" should contact Sara Pilger in the PR office at ext. 6294.

A few concerns about editing announcements were also raised. The "Campus Connection" follows Associated Press style, the accepted style in the industry. Announcements are printed as submitted whenever possible. However, announcements will continue to be edited to include omitted facts, exclude first-person pronouns, use AP capitalization guidelines, etc.

The suggestions and results of the survey will be considered as the new school year approaches. In the meantime, the "Campus Connection" will take on a slightly new look this week with the use of recycled paper, a suggestion from the last survey in 1992. And for those who are bothered by dull paper colors, a new color in the rotation—brown paper bag—is sure to liven up the week!

Please contact the Office of Public Relations for further explanations.

### COLLEGE CHANGES OVER TO DIFFERENT CALLING PROCEDURES

The change over to the new telephone system has occurred. The new prefix for all College numbers is now 638. Other changes in phone service are:

- Local calling: The access code 9 has not changed. There will be no change in the dial tone when 9 is dialed, however, no pause is now required. Just dial 9 and continue dialing without waiting.
- Long distance calling: Long distance calling has been changed, however, authorization codes will remain the same. All calls off campus (local, directory assistance and long distance) are made with a single access code which is now 9, not 8.
- To make a long distance call, dial 9 + 1 + area code (including 404) + the number, wait for recall (second) dial tone, dial the authorization code.
- To make an international call dial 9 + 011 + country code + city (route) code + number, wait for recall (second) dial tone, dial the authorization code.

#### Student Specific Features

- Student call waiting: This feature has changed. When call waiting tones are received (two beeps for off campus call, one beep for on campus call), flash and dial \*4. The waiting call will be put through. To alternate between parties, flash and dial \*4.

## Q & A

**Q.** What's all the activity about behind the library lately?

**A.** The College has received an anonymous monetary gift from an alumna to restore the garden within the walled area attached to the back of the library. The area, to be dedicated during Alumnae Weekend April 29 through May 1, will be known as The Secret Garden. Plans specify flowers, benches, butterflies, and the like. An entrance from the old hockey field through the wall will be constructed during the summer. In the meantime, the only entrance to the outdoor study area of old is through the library—or up the temporary wooden steps on the Alston Center side. The dedication is at 3:45 p.m., Saturday, April 30. The campus community is invited.

—Bill Gailey, acting vice president for development and public affairs

## MEETING WILL DISCUSS 1994-95 COURSE SELECTION

Students who want to learn the best way to get the schedule they want in the fall should come to a meeting about course selection for 1994-95 with Mary K. Jarboe, registrar, and Patricia White, assistant dean of the College. The meeting will be from 3:15-4 p.m., Monday, March 28, in Maclean Auditorium.

## ITEP EXPANDS IN BUTTRICK HALL

ITEP plans call for additional space devoted to instructional and faculty development purposes in Buttrick Hall. The language lab will be expanded into other rooms, the satellite room must be larger, and high tech space for faculty to develop computer programs must be designated. The ground floor of Buttrick appears to be the best location for these needs. Another possible use of the space is the development of a faculty/staff lounge.

These ITEP expansion plans create the need to relocate the ground-floor offices currently used by development and personnel/payroll. Therefore, the development area is considering consolidating offices and moving operations to 342 S. McDonough Street in a college-owned house. The first-floor development offices vacated by the move will be reallocated to personnel/payroll and public relations.

The proposed move is subject to zoning approval by the city of Decatur in May. If approved, the renovation of the house and the move could be completed by July 1.

In other physical plant news, the city approved the paving of the gravel lot by the physical plant building at a meeting on Monday, March 21. The paving of that lot will begin at the completion of spring semester.

## DID YOU KNOW . . .

- The National Endowment for the Humanities has awarded the College a \$152,041, three-year grant for language departments and individual humanity disciplines to develop a language across the curriculum program. Ingrid Wieshofer will direct the program.
- ASC will confer its first graduate degrees in May as Masters of Arts in Teaching degrees will be awarded to 10 candidates.
- The College has entered into a covenant with the Synod of the South Atlantic of the Presbyterian Church, U.S.A., to formalize the relationship between the two and recognize the founding of ASC by Presbyterians in 1889. The new covenant will allow ASC to maintain its independence.

## OFFICE OF STUDENT ACTIVITIES LEADS TALENT SEARCH FOR AGNES SCOTT GONG SHOW

The Office of Student Activities needs help with an exciting, innovative and fun-filled project. The office is sponsoring its first annual Agnes Scott College Gong Show on April 28 for students. ASC students have had the opportunity for years to take jabs at faculty and staff. *Now it's time to retaliate!*

Faculty and staff talents are needed to perform as a group, trio, duet, or solo. The needed talent does not have to be related to the students of ASC. The most important thing needed is participation. The ASC campus recently was described by the SACS visiting team as "joyless." Here is an opportunity for everyone to prove them wrong and simultaneously give a gift to the students.

Registration cards will be forthcoming. No matter the talent, everything is acceptable in this Gong Show! Call Victor Wilson at ext. 6407 or Allena Owen at ext. 6438 with questions. Hopefully, this event will allow the entire ASC community to come together and have a good time.

## LUNCHEON BRINGS NETWORKING OPPORTUNITY WITH DEKALB LEAGUE OF WOMEN VOTERS

A member of the DeKalb League of Women Voters has donated two tickets for Agnes Scott students to attend its annual spring luncheon. The luncheon is from 11:30 a.m. to 1:30 p.m., April 29 in Decatur. Students interested in politics and local government are encouraged to attend. Speakers will include elected officials and community leaders. This is a great networking opportunity. Interested students please call Career Planning and Placement at ext. 6397.

## CLUB SOFTBALL TEAM READIES FOR ITS FIRST GAME OF THE SEASON

Agnes Scott will play at 11 a.m., Saturday, March 26. Come out, enjoy the great weather and cheer the team to victory.

The softball team's regular club games will be played at the True Love Ballpark off Candler and Panthersville roads. There will be games on March 29 and April 5, both beginning at 8 p.m. The team consists of seven first-year students, four sophomores, two juniors and one senior.

## Strategic Planning News

VOLUME VII

March 25, 1994

In its last two meetings, the Strategic Planning Committee has addressed communication and retention issues.

With a focus on communication, chairs from the Academic Standards, Curriculum, Administrative, and Academic Review Committees attended the March 8 meeting to discuss ways to improve communication among the key committees of the campus. The same group will be assembling once a month to ensure an overlap of news and committee actions. Minutes from each committee will also be shared with the attending chairs. A meeting between the Strategic Planning Committee and Rep Council is also proposed for April. Other communication improvement measures that were discussed included the possibility of a "classes-canceled" retreat in the fall to bring the campus together to address common issues.

Also members of the Strategic Planning Committee have personally invited several members of the campus community to attend one of two half-day "Welcoming Allies" workshops sponsored by the National Coalition Building Institute (NCBI) on March 27 and 30. The groups invited include the Academic and Administrative Review Committees, FEC, the Presidential Search Committee, Academic Standards and Curriculum Committees, and student leaders. These workshops are a result of the committee's search for ways to address the crisis of spirit on campus and to build coalitions among campus members for the advancement of the institution and benefit of the college community.

Retention was the focus of the March 22 meeting, with the Student Enrollment Group attending as well. Results of the 1993 survey of students who withdrew from the college before completing their degree provided some interesting insights. (Over 70 were surveyed.) When asked to list their reasons for leaving the college, the answers receiving the most votes were financial reasons and lack of a specific major, such as interior design, nursing, business, and education. The aspects the respondents liked most about ASC were the academics and faculty, and friends. When asked how things were different here from what they expected, the respondents reported, among other things, having fewer social functions and the liberal, feminist, lesbian atmosphere. Over half of the respondents rated the stress level as high, citing academics and self-imposed stress as the reasons. Two-thirds of those responding have enrolled in public institutions. The survey had a 40 percent response rate. Citing self-reported GPA figures, 15 students had a 3.0 or higher. Nine had below a 3.0.

Short-term and long-term retention measures were discussed, with several ideas earning warm receptions, including creative and light-hearted ways to increase the interaction between faculty/staff and students in the dining hall. The group enthusiastically supported the inclusion of more personal news, a Q/A column, and the return of announcing employment anniversaries in the "Campus Connection," strong suggestions from the recent survey. The return of focus group funding, even enough to sponsor a spring '94 event, was also received well.

As always, the campus community is invited to suggest issues to be discussed by the committee or recommend ideas. The next expanded meeting on April 5 will focus on the SACS report, if it has been received, and a follow-up on the Self-Study recommendations. Please be in touch with any of the committee members to share your concerns. Watch for regular "Choosing Our Future" updates in the "Campus Connection."

During her residency, Skipitares will also direct a group of ASC students in the creation of an original work of contemporary performance art, which will receive two public performances on April 29 and 30 along with three student directed one-act plays. Anyone interested in participating in the production should contact J. Stanley at ext. 6250.

## ROYALS EARN THREE WINS IN SOFTBALL TOURNAMENT

This past weekend the Agnes Scott softball team, the Royals, participated in a seven-team tournament at DeKalb County's True Love Softball Complex. The team overcame a challenging beginning, having lost its first game 3-12, to successfully win the next three games.

In the game that followed, meeting up again with its first opponent, the team retaliated against the previous loss and gained a significantly lead early on. But the team was unable to maintain its lead and eventually lost the game 15-16. At the conclusion of the tournament, the team elected Angela McNeal, Adrienne Walker and Anne McCary as its captains.

The team continues the season with league games every Tuesday night through May 17. If interested in supporting the team contact the athletic department for time and location of games.

Each week will feature young alumnae who will discuss their experiences in dealing with that week's topic. Unless otherwise noted, each meeting is at 6 p.m. in the Chapel Lounge.

The program starts off on Tuesday, April 5, with "Housing." Hear about housing alternatives and how to go about finding them. On Tuesday, April 12, the lecture is titled "It Cost How Much?!" Learn inside information about car buying, medical and auto insurance, and the general odds-and-ends of moving to a new location.

The following week there are two programs, both to be held in McKinney Parlor. On Tuesday, April 19, it's "Office and Graduate School Politics." Learn how to deal with harassment issues, bureaucracies, and the general run-around that can occur in these settings. Thursday, April 21, is devoted to "Professional Images." ## "CHRISTY" HAS ASC TIES

"Christy," a two-hour pilot movie airing at 8 p.m., Sunday, April 3, on WAGA-TV 5, has a strong Agnes Scott connection. The movie is based on a book of the same name written by ASC alumna Catherine Wood Marshall. Marshall, who married the Rev. Peter Marshall and authored the story of his life in "A Man Called Peter," graduated from Agnes Scott in 1936 with a degree in history. "A Man Called Peter" was made into a movie in 1955 and was the first movie ever filmed at Agnes Scott.

The Sunday evening movie is a pilot for a weekly series that will air each Thursday from 8 to 9 p.m. on WAGA beginning April 7. The book and movie are the story of Marshall's mother's experiences as a young woman teaching in Appalachia in the early 1900's.

Marshall died in 1983. A vast collection of her papers, manuscripts, diaries and scrapbooks was donated to the College in 1985. See the special display of archival materials in McCain Library this week.

### COLLEGE STATIONERY AND BUSINESS CARDS HAVE ARRIVED

The College stationery and business card orders have arrived from the printer. Those who placed an order for either of these should contact Carolyn Young in central receiving to arrange for delivery. Because the "climate" in the central receiving building is difficult to control, *partial* reams of stationery (which would require breaking open the plastic covering on a ream) cannot be safely stored there. For this reason, it will be necessary for administrative offices and academic departments to request a minimum of one *full* ream of paper when a delivery request is placed—no fewer than 500 sheets of stationery at one time. Remember offices and departments will be billed this fiscal year for what is delivered this fiscal year.

### CINEMA SERIES FEATURES FILMS STARRING RICHARD GERE AND TOM CRUISE

The SHC lab will be available to test CBC, chemical profiles, cholesterol and glucose. Anyone interested in obtaining these tests at a reduced fee can check with the SHC at ext. 6346 regarding times and cost. See posters for additional information about other services to be available.

### "THE VISIT" OPENS APRIL 7

"The Visit" by Friedrich Duerrenmatt plays at 8:15 p.m., April 7-9 and 14-16, in Winter Theatre in the Dana Fine Arts Building. This contemporary drama staged by the ASC Blackfriars, centers around the return of Claire Zachanassian, the world's richest woman, to her impoverished home town. Much to everyone's surprise, her visit turns out to be much more than a philanthropic mission. The play is directed by J. Stanley. Tickets are available in advance or the night of the performance. General public tickets are \$5. Students and senior citizens tickets are \$3. ASC faculty and staff tickets are \$4. To purchase tickets call the Blackfriars box office at ext. 6348.

## ASC OFFERS NEW POST-BACCALAUREATE PROGRAM

Agnes Scott is now offering a new one-year post-baccalaureate program beginning this summer that prepares women for medical school, veterinary school and other allied health professions. The new Post-Baccalaureate Pre-Medical and Allied Health Sciences Program helps women who have graduated from college and wish to change careers acquire the necessary courses for application to medical school or other professional specialties in the growing health care field.

An intensive program composed of classes, laboratories, seminars, and internships, the Post-Baccalaureate program is individually tailored based on the student's prior academic experience. It may be completed in one or two years, depending on previous academic work and individual circumstances. A certificate is awarded upon completion of the program. During the glide year between taking the MCAT and matriculation into medical school, students may take additional courses to enhance their preparation for professional or graduate school.

Courses offered this summer for the program include Chemistry 101 and 102 and Mathematics 118, all four-hour courses. These courses are open to any of our students or other interested undergraduate students in the Atlanta area, in addition to the new Post-Baccalaureate students. Tuition for a full course load of 12 hours this summer will be \$3,240. Students taking less than 12 hours will be charged \$270 per credit hour. Housing will be available.

Application deadline to begin the program in June is May 15. For more information, call Myrna Goldberg at ext. 6184.

## APPLICATIONS ACCEPTED FOR 1994-95 GLOBAL AWARENESS

Applications for the Global Awareness Japan program will be accepted beginning at 8:30 a.m., Monday, April 11, in the Office of the Dean of the College in Buttrick Hall. ## MANDATORY RESIDENCE HALL MEETINGS APRIL 11

There will be mandatory residence hall meetings at 9:30 p.m., Monday, April 11, in the lobbies of Walters, Winship and Inman. Main and Rebekah will be combined in the lobby of Rebekah. Nachos and lemonade will be served. At the meetings students should make sure to mark their names off the attendance list. Those who are unable to attend the above scheduled meetings should attend one of the sessions at 10:25 a.m. or 3 p.m., Friday, April 15, in Buttrick G-4.

In the recent announcement of the memorial service for John Cornell, we failed to include a statement of sympathy to his widow. We know that the entire campus joins us in expressing sincere condolences to Regine Reynolds-Cornell.

—Sara Pilger and Carolyn Wyners

## FACULTY/STAFF GONG SHOW CANCELED

Unfortunately, our attempt at bringing the campus together to counteract our description as a "joyless" campus failed. We are sorry to report the amount of interest in the ASC community coming together to have a good time and simultaneously give a gift to the students was minimal.

Therefore, the Faculty/Staff Gong Show is canceled.

—Allena Owen and Dear Victor Wilson

## Q & A

**Q:** Why is Walters being closed next year and Hopkins opened?

**A:** Walters Hall will not be used next year as a residence hall due to budgetary and energy saving measures. The Budget Work Group asked each area of the College to recommend budget cuts for the institution and this was one of many that was approved. While the Budget Work Group recognized its popularity with the student body and its prime location on the quad, Walters is in need of many repairs and improvements which would require large blocks of time to accomplish. The building will be closed to take care of deferred maintenance issues and to make it more energy efficient.

Painting, roof repairs, floor treatments, modifications for handicapped accessibility, energy efficient windows, etc., will be done during the year. The repairs and improvement costs will not come from the operating budget of the College. Hopkins, which has been air conditioned in the last several years, will be opened to give students additional space.

—Gué Hudson, dean of students and Bill Gailey, vice president for business and finance

## "PRINCETON REVIEW" GIVES ASC GOOD MARKS

Agnes Scott College appears on prominent lists in the 1994 edition of "The Princeton Review: The Best 286 Colleges." Out of 61 categories ranking the top 20 schools within the 286 reviewed in the book, ASC makes 14 of those lists, including number one in "beautiful campus" and "dorms like palaces."

Other appearances by ASC in the book include "professors bring material to life" (ranked second), "best quality of life" (ranked third), "great college towns" and "town-gown relations are good" (seventh and fifth respectively), and "professors make themselves accessible" and "students happy with financial aid" (ranked eighth and ninth respectively). Within other top 20 lists, Agnes Scott could be found among "students never stop studying," "happy students," and "things run smoothly."

The 286 schools reviewed as the best schools in the country were determined by surveying 40 independent college counselors, rankings from US News & World Report, and Money magazine. Once those were chosen, nearly 40,000 students at the 286 schools were surveyed. Their responses make up the results printed in the book.

## COMPUTING SERVICES MOVES TO WALTERS

Computing services' offices have moved to the newly renovated basement space in Walters Hall, the former location of the post office and bookstore. After classes are over, the Academic Computing Center will be moved from the library to this same area providing students with 24-hour access to the center. The Winship Satellite is not involved in the move. With the new phone system each staff member may be called directly and messages may be left. However, all trouble calls should be routed to ext. 6320 in order to receive prompt attention. Watch for the announcement of an open house in the next few weeks.

## LEGISLATURE INCREASES HOPE GRANT

By action of the Georgia Legislature the HOPE grant for eligible students has been increased from \$500 to \$1,000 per year. Additionally, students are now eligible for all four years of education. The grant is no longer restricted to the first and sophomore years. Students are encouraged to write their legislators to commend their actions. Constituent opinions are important to legislators and will affect future votes on educational funding.

## BREAD FOR THE WORLD LETTER WRITING CAMPAIGN PROVIDES FUNDS FOR FOOD PROGRAM

The department of Bible and religion is sponsoring its fifth annual Bread for the World Letter Writing Campaign. This 1994 offering of letters is called "a child is waiting" and seeks to guarantee full funding of WIC (the special supplemental food program for women, infants and children). Full funding would serve an additional 3 million women, infants, and children who are not currently getting benefits. The campaign is seeking to include full WIC funding as part of any health care reform bill. Those interested in supporting this work should come by the tables in the Alston Center during community hour on Friday, April 15, and write a letter (it only takes 90 seconds!) Additional reading materials will be available on the tables about this campaign and Bread for the World's work.

## CAMPUS SAFETY REPORT

The Agnes Scott College Department of Public Safety is a state authorized law enforcement agency. It is a service-oriented organization whose primary function is to protect life and property on the Agnes Scott College campus and in the surrounding neighborhood (jurisdiction extends 500 yards beyond the boundaries of the College, O.C.G.A. 20-8-2). Its officers are state certified, giving them powers of arrest, and they have had experience in a variety of other departments such as Decatur, Atlanta and DeKalb County.

Since becoming a state certified law enforcement agency in 1983 the department has reported campus crime statistics to the Georgia Bureau of Investigation (O.C.G.A. 35-3-36). Data is sent to the FBI (O.C.G.A. 35-3-33) which publishes these statistics in the nation's Uniform Crime Report. According to the Campus Security Act of 1990, all institutions receiving federal funds were required to compile, publish and distribute these figures beginning Sept. 1, 1992. To comply with the federal law, the statistics, as well as appropriate policies and procedures, have been published and distributed twice during the academic year to the campus community in the "Campus Connection."

A summary of these statistics for the past three years is tabulated below.

## DID YOU KNOW . . .

- There are 560 students on campus this spring. Of that number, 23 are graduate students, and 18 are Scott Free Year-5 students.
- The Office of Admission is creating an interactive multimedia presentation that prospective students will have the opportunity to view in the high schools and homes. This innovative recruitment effort allows students to view video, photos, and text on and about the College. As one of a handful of colleges utilizing multimedia recruitment, Agnes Scott hopes to reap many benefits from this cutting edge technology.
- Karen Thompson, assistant professor of biology, received a grant of \$15,000 from the Whitehall Foundation Inc., to support her research on grasshoppers.

As we attempt to share personal news about members of the campus community (births, deaths, marriages, etc.), we need your help. Please send us accurate, typed information about these events. The "Campus Connection" is produced on a very tight schedule, so please be patient as we begin to add more personal news to this weekly calendar and timely announcement vehicle which must be edited quickly. Send your brief announcements to the Office of Public Relations for inclusion as space permits.

## Q & A

**Q.** Is there any further news on Walters closing?

**A.** Originally the Budget Work Group suggested closing Walters next year for maintenance and budgetary reasons, housing Walters students in other residence halls. At the suggestion of Gué Hudson, dean of students, and Wendy Riviere, the student representative to Budget Work Group, the group decided to open Hopkins to provide additional living space. While the savings may be less by opening Hopkins, the Budget Work Group decided that it would be the best decision for the students. Approximately 150 students signed a petition last week requesting that the trustees re-open Walters next year. Acting for the Board of Trustees, the Executive Committee voted to support the decision of the Budget Work Group.

## WELCOME ALUMNAE TO CAMPUS WITH A PERSONAL MESSAGE

Students can help welcome the alumnae back to campus. In an effort to show student appreciation of alumnae a special project called "Message in a Bottle" has been organized by the Alumnae Association.

Students are encouraged to stop by the table in the dining hall the week of April 18-22 and take a moment to write a personal message or greeting to the alumnae on a slip of paper and place it in the "bottle." The messages will be incorporated into a display for Alumnae Weekend so hundreds of alumnae can read them as they arrive on campus.

A message of congratulations on making it to a 10th, 25th or 50th reunion will let alumnae know it was worth the trip. A message of thanks will assure alumnae that their support is appreciated. A message of welcome will make alumnae feel at home again. Each student's "Message in the Bottle" will be greatly appreciated.

Qualifications for the award recipient were stipulated by Elson's husband. "This prize should be given each year to that undergraduate Agnes Scott student who best reflects in the judgment of her peers those qualities of kindness, decency and integrity which combined with an unusual intellectual curiosity on her part, would make the Agnes Scott experience even more meaningful for her fellow students."

The following process has been established to arrive at the eighth recipient of this prize. Nominations from the campus community may be made in writing to Dean Gué Hudson by 9:30 a.m., Monday, April 25. Please take the time to nominate a student for this generous prize. ## 1994 JUNIOR JAUNT FUNDRAISERS A SUCCESS

The Class of '95 would like to thank the entire campus community for its support and contributions to this year's Junior Jaunt. Money was collected for the American Red Cross (this year's selected charity). A special thanks goes to those few and faithful members and non-members of the class who came out and washed cars.

## Q & A

**Q.** Why does it take over \$1,000 to keep open the Faculty Club in the CLC? I have never seen a faculty member there.

**A.** The faculty wished to use these funds for coffee and refreshments at faculty meetings instead of coffee at the Faculty Club itself as they were originally used. The money is also available for other faculty functions in the Faculty Club. The Faculty Club itself is used by faculty or faculty-sponsored groups regularly, such as the College Events Committee, the Sociology/Anthropology Club, and the French, English, and psychology departments—all within the month of March. A Latin American Studies Conference was also held there all day on March 12.

—Sarah Blanshei, dean of the College

# CHOOSING *Our* THE FUTURE

Strategic Planning News

VOLUME VIII

April 22, 1994

The Strategic Planning Committee 1994 has received the written report from the SACS team that visited the campus in January.

The peer review team made 18 recommendations to which the College must respond in writing by May 15. Though it would be unrealistic to expect that all recommendations could be complied with by that time, SACS does require that a response stating how we will implement them be drafted for each recommendation. The Strategic Planning Committee has referred the recommendations to the appropriate groups or offices for a response. Those are due to the committee by May 1.

The SACS report also lists 34 suggestions for our improvement. While these have merit and many of them were uncovered by our own self-study, SACS does not require a response.

The full SACS report has been shared with the Board of Trustees, Presidential Search Committee, and the Academic Search Consultation Service, as well as the chairs of the Academic Review, Administrative Review, and Faculty Executive Committees. The Alumnae Association and SGA President have also received copies. All faculty, administrative staff, Rep Council members, and class presidents have received the list of recommendations and suggestions.

Prior to receiving the SACS report, the committee reviewed the self-study recommendations and suggestions and found that many of those were in progress, some even completed, such as the adoption for 1993-94 a consistent annual reporting format that relates to specific departmental goals and the mission of the College.

In keeping with its discussions of enrollment and retention concerns, the committee heard the report from Millennium Communication Group on the marketing study on behalf of the admission office. Also, the Strategic Planning Committee has met with Rep Council to discuss student ideas regarding retention issues. In that meeting, plans were made to have similar interactions with the Strategic Planning Committee and other campus committees on a regular basis.

The next meeting on May 3 will focus on reviewing draft responses to the SACS report that must be completed by May 15.

## Q & A

Q. What's an information outlet?

A. By the fall, each residence hall room will have an active information outlet that will permit a network connection and new telephone service for each student and one cable TV hookup per room. E-mail, Internet access and connection to the library automation system will be available on the network, just to name a few examples. Students will still need to provide a computer (the newer the better) and purchase a network card (\$100). The College will provide network software (Netware). The cable TV connection will provide access to expanded basic cable service from GCTV, about 40 channels (yes, MTV) and channels for local broadcasts (bulletin board service, SCOLA and other satellite programming). The cost of these new services is included in the room rate. Access to premium channels can be arranged directly with GCTV.

### ASC DEDICATES THE MARTHA WILSON KESSLER DANCE STUDIO ON APRIL 29

Agnes Scott has received an accumulated gift of \$368,800 to establish the Martha Wilson Kessler Dance Studio. The fund provides for facilities and program enhancement over the next five years. The Kessler Dance Studio will be dedicated at 4:30 p.m., April 29, in the main dance studio in Alston.

The gift from Richard and Martha Kessler is in honor of Martha, a 1969 graduate of Agnes Scott and a trustee since 1986. The gift will be used to equip the main studio to make performances possible by adding a lighting and sound system, teasers and tormentors, a new marley floor and motorized shades. The funds will also be used to purchase instructional equipment including video recording equipment, tapedecks and CD players, pilates and two new studio pianos.

Of the remaining portions of the gift, \$100,000 will be allocated to the College's endowment for the program and the balance will be used to provide residencies by visiting artists, ballet and modern dance accompanists, commissions of choreographic works and student internships.

As a result of the gift, changes in the dancer program began last fall with the residency of Jane Comfort, New York choreographer, who has worked with Merce Cunningham, Maggie Black and Janet Panetta. She set a new dance for Agnes Scott's Studio Dance Theatre titled "Pretty Is As Pretty Does."

Also Jude Woodcock and Robby Barnett, two of four artistic directors for Pilobolus, are at Agnes Scott this month for a four-week residency to adapt a Pilobolus piece for Studio Dance Theatre.

Both works will be presented in the free spring concert of Studio Dance Theatre, "Danceexpressions," at 8:15 p.m., April 21-22, in Gaines Auditorium.

## Q & A

**Q.** What does enrollment look like for the fall?

**A.** As of May 1, we have 115 deposits for new students which is ahead of last year at this same time and significantly ahead of two years ago. We anticipate reaching our goal of 140 students. And, there is more good news. Retention is up. Although there are fewer total students who are eligible to return for fall '94 than there were for fall '93, a greater percentage of these students have re-registered. The percent of re-registered students has increased 4.8% over re-registration as of a comparable date last year.

—Gue Hudson, dean of students

A peer committee visited in late January to review all aspects of the college, and the report of that committee was received in early April. The recommendations and suggestions contained in that report are being studied, and a response will be prepared so that our reaccreditation can be considered at the June meeting of the Commission on Colleges of SACS. A response will be prepared by the Strategic Planning Committee.
6. The Class of 1994 has received a record 53% participation toward its senior solicitation campaign, the highest ever achieved by a senior class.

10. The Office of Admission is creating an interactive multimedia presentation that prospective students will have the opportunity to view in their high schools and homes. This innovative recruitment effort allows students to view video, photos, and text on and about the College. As one of a handful of colleges utilizing multimedia for recruitment, Agnes Scott hopes to reap many benefits from this cutting-edge technology.
11. Allison Olson received a Goldwater Scholarship, a scholarship for students demonstrating potential for scientific research (science, math, engineering). This scholarship is for \$7,000. She is a rising junior, biology major. She has worked as a research assistant at Emory and will be involved in research at Michigan State University this summer. 18. A new legacy gift club, the Frances Winship Walters Society, is being established with charter memberships accepted until December 31, 1994. It recognizes alumnae and friends who have made a planned gift (bequest, trust, annuity, insurance) to ASC. Ninety-five members have signed up so far.
19. ASC co-hosted its third annual Progressions seminar in November. A committee of women's college graduates produced the program "Facets of Leadership," that examined women's various roles of leadership. The Fall '94 program will focus on women's health issues.
20. The Alumnae Association Board of Directors adopted the association's new strategic plan in January. The plan was approved by the Executive Committee of the Board on April 7 to be recommended to the Board of Trustees for approval. It will be presented during Alumnae Weekend.

## SEE FIREWORKS ON THE 4TH FROM ASC

The City of Decatur will celebrate Independence Day with a fireworks show at approximately 9:20 p.m. on the July 4. Members of the staff and others who viewed the display from the campus lawn last year reported that the visibility was good and that a substantial number of families gathered here to watch the show in a pleasant and wholesome atmosphere.

This year, the fireworks will be ignited from the top of the DeKalb County parking deck in downtown Decatur, a site 40 feet higher than the former setting on the Decatur High football field, so visibility is still expected to be good. Bring a blanket to the campus lawn and end the 4th of July by enjoying the Decatur fireworks display!

Theatre workshops in directing, communication through improvisation, and the art of telling stories are offered for \$125 each. One music course, making music technology simple, will be offered for \$125.

Two special events will be produced to celebrate the work of women artists. "Dancemakers," a program of new pieces and works in progress by local women choreographers, is at 8 p.m., July 21, in Winter Theatre. "Women Artists/Women Teachers" is an exhibition of recent work by studio instructors Kathryn Myers (painter), Carol Barton (book artist), Ann Kresge (printmaker), Karen Sullivan (computer artist), Pinky Bass (photographer), and Valerie Gilbert (ceramic sculptor). It runs July 18-24 in Dalton Gallery. Workshops are open to both men and women over age 18. To register, call the special programs office at ext. 6184.

Beck has also been interviewed locally by WSB-TV, Channel 2, and WXIA-TV, Channel 11.

In order to pick him out of the crowd of paratroopers in the air, Beck hints that he'll be the one flapping his legs!

### THANKS FOR RELIEF

Once again, the Agnes Scott community has demonstrated its caring for those less fortunate. Thanks to all on campus who responded so generously on very short notice to the request for donations to South Georgia flood victims. Special appreciation goes to Andrea Swilley of the development office and her husband, Britt, who delivered a U-haul load of supplies to flood victims in Albany, their hometown.

*We were successful in transporting the flood relief items and distributing them to people who desperately needed them. I would like to be able to thank everyone individually, but am unsure of the names of all the people who contributed. I want those who helped to know that the disaster had some very human faces and your contributions brought hope to an otherwise extremely depressed situation. I, personally, thank you from the bottom of my heart.*

-- Andrea Swilley

### EXPECT TIGHT PARKING SOON

Parking may be a problem for the first few weeks of school due to the construction of the tennis courts and the paving of the physical plant lot. Though plans were to have the tennis courts finished, and therefore the parking lot available, by the opening of school, excessive summer rains have hindered progress. The same is true of the paving of the physical plant lot, progress toward which has also been slowed by negotiations with the city of Decatur for permits.

While the construction continues, overflow parking will be available in the grass lot on the corner of Ansley and S. McDonough streets and near the president's home on the corner of S. Candler and Dougherty streets.

Call public safety at ext. 6355 with any concerns.

### OFFICE CLEANING DAYS ADJUSTED

The frequency of office cleaning has been reduced from four to three days a week. During the summer months, the offices will be cleaned on Mondays, Tuesdays, and Thursdays. When school resumes in the fall, offices will be cleaned on Mondays, Wednesdays and Fridays.

### LOOKING FOR DIRT ON AGNES SCOTT TREES

Agnes Scott has received a Georgia Forestry Commission grant in the amount of \$5,634 to help establish a campus tree tour. A brochure is being created to highlight and identify historic or otherwise significant trees for those who wish to take a walking tour of the campus. Anyone with suggestions or interesting facts should call Victoria Lambert at ext. 6449.

### HUFFINES RETURNS TO THE STAGE

Development's Adelia Huffines appears in "City of Angels" at the Neighborhood Playhouse in Decatur through Aug. 14. This is Adelia's second appearance this year on the stage of the local theatre.

### DATES SET FOR AUTO REGISTRATION

Any vehicle routinely parked on the campus must be registered and have a 1994-95 parking permit displayed on the vehicle. Faculty and staff should register vehicles with the Department of Public Safety Aug. 22 through 26, and students should register their vehicles Aug. 29 through Sept. 2. The registration fee is \$50 annually or \$30 per semester.

### ANIGBOGU RECEIVES GRANT

Vincent Anigbogu, assistant professor of chemistry, submitted a proposal and has won a National Science Foundation award to purchase new laboratory equipment for improving instruction in undergraduate science courses. The award, in the amount of \$18,255, will fund the purchase of an atomic absorption spectrophotometer.

## Q & A

**Q.** Why is parking so tight this fall?

**A.** Parking may be a problem for the first few weeks of school due to the construction of the tennis courts and the paving of the physical plant lot. Though plans were to have the tennis courts finished, and therefore the parking lot available, by the opening of school, excessive summer rains have hindered progress. The same is true of the physical plant lot. While construction continues, overflow parking will be available in the grass lot on the corner of Ansley and S. A season subscription includes tickets to Feld Ballets/NY at the Fox. All seats are reserved, with the exception of the Batahola Norte Choir performance. Stanley and designed by Dudley Sanders. The play, originally performed as a one-woman show by Lily Tomlin, revolves around an unlikely array of characters who have two things in common: a connection to a crazy bag lady and a search for a sense of community in a world where isolation prevails. There are roles for 10 women. Auditions will be held from 7:30-10:30 p.m., Sept. 6 and 7, in the Winter Theatre, Dana Fine Arts Building, with callbacks on Sept. 8. Initial auditions will consist of a prepared two-minute monologue on Sept. 6. Sign-up sheets are posted on the Blackfriars' bulletin board in Dana; sign up in person or call ext. 6250 to make an appointment. Scripts are available to check out in Stanley's office, Dana 111.

Applications for crew and front-of-house positions for "Search for Signs" are also being accepted now. Descriptions of the various positions needed and application forms are available on the Blackfriars' bulletin board. Deadline for submission of applications is 10 a.m., Friday, Sept. 9. ### SNACK BAR SPEEDS UP SERVICE

The number of items available on a "to order" basis during the hours of 12 to 1:30 p.m. and 6 to 7 p.m. has been decreased. Hot and cold sandwiches will be prewrapped. Salads will be premade in either small (\$1) or large (\$1.50) quantities. The salad bar has been replaced with a toppings bar, allowing customers to complete lunch and dinner items to their liking. ## AGNES SCOTT COLLEGE ALUMNAE HONOR LOCAL RETIRED PROFESSOR

As a tribute to her many years of service to Agnes Scott College, former students have established a fund in honor of former history professor Catherine Strateman Sims. The Catherine S. Sims Faculty Enrichment Fund will provide additional financial support for the professional growth of ASC faculty members.

A long-time supporter of women's colleges, Sims graduated with honors in history from Barnard College in 1934 where she was elected to Phi Beta Kappa. After a year spent at the Institute of Historical Research, University of London, she earned master's and doctorate degrees from Columbia University. She then taught at ASC for 22 years, with a 3-year leave during that time to serve as the dean of the American College for Girls in Istanbul, Turkey. She was dean of Sweet Briar College for nine years, returning to ASC as a visiting professor in 1975 and as interim dean of the college in 1989-90.

## THEATRE GAEL OFFERS FREE ACTING CLASS

Theatre Gael will offer a master acting class this fall, free to ASC students. It will be co-directed by Theatre Gael's artistic director, John Stephens, and managing director Frank Miller. Called "Women in Comedy," the class focuses on language and interpersonal dynamics in scenes from William Congreve, Noel Coward and Beth Henley.

Participation in the class is open to the entire metropolitan Atlanta community, but priority will be given to ASC students. For community participants, the fee is \$36 for the six-week class. Enrollment will be limited to 16 students. The directors recommend participants have prior acting experience. The class will be held in the Rehearsal Room of the Dana Fine Arts Building on consecutive Monday evenings from 7:30 to 10 p.m. Deadline for registration is noon, Friday, Sept. 9. ## DECATUR FIREWORKS SEPT. 4

Due to the rain on July 4, the Independence Day fireworks sponsored by the City of Decatur were postponed until Labor Day Weekend. The rescheduled fireworks display will be at 9:15 p.m., Sunday, Sept. 4.

Members of the staff at ASC and others who have viewed the downtown Decatur fireworks from the front campus lawn in past years report that visibility from Agnes Scott is very good. In fact, a substantial number of families gather here to watch the show in a pleasant and wholesome atmosphere.

This year the fireworks will be ignited from the top of the DeKalb County parking deck in downtown Decatur, a site 40 feet higher than the former setting on the Decatur High football field, so visibility is still expected to be good. Bring a blanket to the campus lawn and celebrate Labor Day Weekend by enjoying the Decatur fireworks display!

## BATAHOLA NORTE CHOIR COMES TO ATLANTA

Agnes Scott College and the Presbytery of Greater Atlanta have joined forces to bring the Batahola Norte Choir from Nicaragua to Atlanta for two free public performances. The youth choir begins an 18-day tour of the U. S. with a stop in Atlanta on September 12.

Agnes Scott College will begin its 1994-95 College Events Series with a performance by the Batahola Norte Choir. This 38-voice youth choir will perform at 10:25 a.m., Monday, Sept. 12, in Gaines Auditorium at Agnes Scott, then repeat this performance at 7:30 p.m. at the Immaculate Heart of Mary Catholic Church on Briarcliff Road.

The youth are representatives of the Batahola Christian base community, located in a low-income neighborhood of Managua that was created as an urban reform project of the Nicaraguan Revolution. The group has been called a "beautiful miracle" that has created an island of music, art and faith in God's love, an island of hope that defies all odds and keeps growing and enriching life for thousands of people.

Twenty-five of the young people on this tour are now teaching 150 other children in poor barrios of Managua and beyond. They and the other teachers instruct not only in music but in painting, health services, typing, computer technology, sewing, cooking and many other skills.

The choir, founded and directed by The Rev. Angel Torrellas, will be accompanied by guitars, recorders and flutes. Selections include both secular and religious music. Some dances native to Nicaragua will also be included in the program. Both concerts are free of charge.

Renovation continues on 342 S. McDonough, preparing office facilities for the development area. The move of the development area and other related moves in Buttrick will be completed by Jan. 1. Ground floor space in Buttrick is being developed to accommodate a language lab, discussion rooms, faculty lounge and a faculty computer center. Human Resources will move to the first floor, near the front door.

**COMPUTING SERVICES CHANGES NAME**

The name of the Office of Computing Services has been changed to the Office of Information Technology Services. This was done following the merger of Computing Services and Media Services. It also reflects the standards in this field which have broadened to encompass the many uses of technology to distribute and retrieve information, as well as support of the tools required (computers) and in the belief that departments with longer names get more money. ITS is here to help make the most of the campus' investment in technology. Call ext. 6320 for help.

**KEY INFORMATION!**

Students have requested information on key access to the Track, Alston Center, Computing Services and Winship Lobby (Minority Affairs and Counseling). Residential students who have the key that fits the track lock also have access to Alston Center, Computer Services and Winship Lobby with the same key. Commuter students who would like access to these facilities should see Pat Inglis in the Woodruff building. There is a \$10 deposit for the key. Difficulties with a key/lock should be reported to ASC police.

### ATTENTION CAMPUS CONNECTION READERS

Take advantage of the new technology on campus and send Campus Connection announcements to the public relations office via E-Mail. Simply write a cover memo on E-Mail saying a Campus Connection announcement follows and send it with the actual Word document as an attachment. Send the memo and attached announcement to ASC/spilger by the normal deadline of noon Wednesday.

For those who do not have E-Mail yet, announcements may be submitted on disk. Drop by the public relations office with the announcement on a high-density disk initialized for either the Macintosh or IBM. Once the announcement is transferred, the disk will be returned to sender.

Otherwise, announcements can be submitted on paper, typed and with a name and phone number of a contact. The deadline remains at noon on Wednesdays. Calendar information must be submitted to Dot Markert for inclusion on both the official college calendar and the "This Week" section of the Campus Connection.

### DID YOU KNOW?

Did you know that ASC first-year student Holly Payne is a flautist with the 1994-95 Olympic Band? Holly is one of the 260 band members who were chosen from among the high schools, colleges, and color guards from across the state. The band will perform at this year's Macy's Annual Thanksgiving Day Parade in New York, where it will be accompanied by a giant balloon of Izzy, the Olympic mascot.

The events are listed in the Calendar section and include a student forum on Tuesday evening, convocation with Paige McRight on Wednesday, a faculty lunch on Thursday and a ceremony for all who have not signed the Honor Pledge on Thursday evening. All members of the campus community are asked to wear purple ribbons which will be distributed on Monday as a sign of our commitment to the Honor System. Please help this be a great week as we celebrate the Honor Code here at Agnes Scott.

## RECEPTION HELD FOR FALL SPORT ATHLETES

Faculty and staff are invited to meet Agnes Scott's fall athletes at a reception from 4:30 to 6 p.m., Thursday, Sept. 22, on the third floor of the Woodruff Physical Activities Building. Members and coaches of the cross country, volleyball, and soccer teams will be introduced, as well as the athletic department staff. Everyone is encouraged to attend and show support for these intercollegiate athletes.

To accommodate questions that require only short answers, Dean Patricia White will have open office hours two to three days each week. The open office hours are listed in the calendar section of the Campus Connection each week. Schedule an appointment to discuss any questions or problems that will take more than ten minutes. Call ext. 6110.

## ASC HOSTS FALL FUTUREScape

Following the success of last spring's Futurescape program for middle school girls, Agnes Scott will host another program for high school girls from 8:30 a.m. to 12:30 p.m., Saturday, Oct. 29. Futurescape is a career awareness program which uses role models--professional women, science faculty, and Agnes Scott science majors--to encourage young girls to study mathematics and science. Volunteers are needed to conduct laboratory demonstrations, serve on panels, help with registration, and provide assistance. Please call Myrna Goldberg, director of special programs, at ext. 6102 to give some time to this project.

## BRIDGES PROGRAM BEGINS

Bridges, a new program this fall at ASC, provides an opportunity for academic advisors and focus group leaders to take advisees and focus groups to dinner or dessert in connection with a College Event performance or other on-campus event. This is a chance to attend some of the many extracurricular activities that are available to the ASC community—to extend learning beyond the classroom, to feel more connected to the campus, to link curricular and extracurricular lives and to just have fun. We encourage everyone to take advantage of this opportunity to enjoy the many activities on campus. Please call Patricia White or Victor Wilson for more information.

## FRIDAYS ARE CASUAL!

Interim President Sally Mahoney in conjunction with the College officers announced last week that Fridays will be casual dress days for non-uniformed staff. Assuming no important business appointments, employees are invited to dress more casually on Fridays in keeping with the tone being set in businesses across the country and in an effort to create a more relaxed atmosphere on campus.

## "SOUTHERN ROOTS-WOMEN'S VOICES" DISPLAYED THROUGH OCT. 20

A small group of women artists with strong southern roots present diverse works in the first exhibition of the academic year in the Dalton Gallery. The works of Karen Graffeo, Mimi Holmes, and Deborah Muirhead are featured in "Southern Roots-Women's Voices," which is on exhibition through Oct. 20. The gallery is open to the public free of charge from 10 a.m. to 4:30 p.m., Monday through Friday, and 2 to 4:30 p.m. on Sundays.

Karen Graffeo, from Birmingham, Ala., presents mysterious and intimate autobiographical photographs and photo-drawings on linen. Ms. Graffeo's work has been exhibited nationally since the late 1980s. Her most recent work includes a dual exhibition titled "Medical Revisions" at P.S. 122 in New York City and at the Delta Axis Contemporary Art Center in Memphis, Tenn. She will also be producing a performance installation called "Prodigal Daughters" this fall in Atlanta.

Mimi Holmes now resides in Minneapolis, Minn., but spent her early years in the South. In addition to being an alumna of Agnes Scott, she received her M.F.A. in 1984 at Florida State University. Her work in this exhibition is on loan from the McRae Gallery on Roswell Road in Atlanta. Holmes has exhibited widely throughout the U.S.

Deborah Muirhead is a professor at the University of Connecticut. Born in Bessemer, Ala., in 1949, Muirhead credits genealogy, family stories, African American history, literature and the southern landscape for shaping the content of her work for the last ten years. Her abstract paintings and work-on-paper have been exhibited widely and are included in numerous collections. Muirhead's work at Agnes Scott is a response to the discovery of 400 graves in a late 18th-century African American burial ground in midtown Manhattan and her attempts to locate the graves of her slave ancestors.

Contact Durrett in publications at ext. 6301 by Sept. 16 to participate.

## RTC SUPPORT GROUP CHANGES LOCATION

The RTC Support Group is moving to a new location. Beginning Monday, Sept. 19, the group will meet in the Counseling Group Room, Winship, G-38. All RTC's and other interested supporters are invited to the ongoing Monday meetings led by Margaret Shirley, personal counselor.

## PUBLICATIONS ANNOUNCES CHANGE IN PHOTO REQUEST PROCEDURES

The publications office is creating a digitized photo archive system which will simplify photo searches and facilitate the use of photos by various offices on campus. Willa Hendrickson '94, is working part time as an image archivist to better organize the College's photos in preparation for scanning images into the computer later this year. In making this transition, the publications office needs the cooperation of campus offices and asks that they use following guidelines in order to view and check out photos.

Make an appointment with Hendrickson well in advance of the need date to review materials (black and white prints or color slides). Request photos five to 10 days prior to the date needed to allow time to locate the desired images. Photos can then be checked out with the image archivist, with the specified return date noted. No original slides will be released. Slides will be duplicated at cost to the individual or department.

Departments or individuals paying for the original photo shoot are not required to purchase duplicates. Allow five working days for slide duplication. Black and white prints will be released for use by designers/printers after final selections have been made.

Please return all prints promptly after use. Return them directly to the archivist, who will check the records against all returned photos. Please forward a sample copy of the publication in which the photo(s) appears for the photo archive records.

Contact Willa Hendrickson at ext. 6108 for an appointment or to learn more about the process or the new archiving system.

## EVENTS SEASON SUBSCRIPTIONS STILL AVAILABLE

Season subscriptions for the College Events Series are still available to ASC faculty and staff at a reduced rate of \$45 and to the general public for \$67.50. Students are reminded to use their pass to obtain tickets for the series prior to each performance. There is no charge to students for these tickets, as they have already paid a student activity fee to cover admission to the College Events series among other campus activities.

The College Events Series brochure, "Sight, Sound and Motion," lists Michael York for Sept. 21. York was unable to fulfill his obligation to the College because of his appearance in a movie being filmed in Ireland at this time. The College Events Committee has substituted Claire Bloom performing "Then Let Men Know," a program of women as seen by William Shakespeare, on Oct. 4. Call ext. 6430 for tickets or further information.

## CROSS COUNTRY TEAM FARES WELL

## Q & A

**Q:** How do I connect to the library catalog from the campus network? Also, can I dial into the library from off campus?

**A:** Double-click on the icon that says "Library Connection." It will usually be found in the ASC Programs group. When you see the prompt "login:" just type the word "library." Next it will prompt you for terminal type; respond with "V" for vt100, and then "y" for yes, to confirm.

Yes, you can dial into the library from off campus. There are two ports that will allow direct dial-in connections. Please note, this is a direct connection only to the library catalog. It will not give you access to the campus network, other libraries, your e-mail, etc. The phone numbers to use are: 638-6127 or 638-6097. You need a modem and communications software. You do not need to be running windows. The settings are: baud rate up to 9600; parity=none; data bits=8; stop bits=1; duplex=full. For most people, terminal emulation will be vt100.

This should put you directly into the first screen of the catalog. If you are prompted for a login, proceed as described for network access.

When you are done, please choose X>Disconnect from the main menu. If you need assistance with remote access, please call the library or Information Technology Services for further help.

Dancers at the intermediate level with several years of dance experience are invited to register by calling ext. 6430. Class size is limited due to space.

## BLACKFRIARS ANNOUNCE "AGNES OF GOD" AUDITIONS NOV. 14 & 15

The Blackfriars announce auditions for the winter production of "Agnes of God" by John Pielmeier, to be directed by Frank Miller and designed by Dudley Sanders. Frank Miller is the managing director of Theatre Gael, a professional theatre in Atlanta.

The drama revolves around Agnes, a young nun accused of murdering her own child. Dr. Livingstone, the court-appointed psychiatrist, must determine Agnes' sanity, as Mother Superior tries to shelter Agnes from the outside world. All three women are forced to re-examine their own lives and the meaning of faith.

There are roles for 3 women. Auditions will be held Nov. 14 and 15 in Winter Theatre. Initial auditions will consist of a prepared two-minute monologue on Nov. 14. Sign-up sheets for five-minute time slots are posted on the Blackfriars bulletin board in Dana. Sign up in person.

Cold readings from the script are Tuesday, Nov. 15, from 7 until approximately 9 p.m. Callbacks will be held immediately following the cold readings. Scripts are available on reserve in McCain Library under Blackfriars.

Applications for crew and front-of-house positions for "Agnes of God" are also being accepted now. Descriptions of the various positions needed and application forms are available on the Blackfriars bulletin board in Dana. Deadline for submission of applications is 10 a.m., Friday, Nov. 18.

Production dates for "Agnes of God" are Feb. 8-11, 1995. Rehearsals will begin this semester soon after auditions.

Call J. Stanley at ext. 6250 for more information about any aspect of the production.

## ART SHOW UP THROUGH DEC. 9

The three women featured are Janice Kluge, a sculptor from the University of Alabama-Birmingham, Kathryn Myers, a painter from the University of Connecticut and Constance J. Thalken, a photographer from Georgia State University. The gallery is open from 10 a.m. to 4:30 p.m., Monday through Friday, and from 2-4:30 p.m. on Sundays. The gallery is closed November 23-27.

## \$1,000 COMPETITION ANNOUNCED

As students studying at a Presbyterian-related college, all full-time juniors and seniors are eligible to compete for the \$1,000 Samuel Robinson Award through the Presbyterian Church (U.S.A.). Applicants must memorize/recite the answers to the "Westminster Shorter Catechism" and write a 2,000 word essay on an assigned topic. Funds are available to make awards to up to 40 students. Last year 25 students won the award (nine from one college), so Agnes Scott students will not be in competition with each other. Rev. Paige McRight will be coordinating a group to work on the memorization/recitation component. Both the financial aid and chaplain's offices have information on the competition requirements and the essay topic, and have a bibliography of resource materials.

Please contact either the chaplain or the financial aid office. Applications must be received by the financial aid office no later than April 1, 1995.

## AGNES SCOTT GIVES-THANKS!

The slogan for Volunteer Board's work is "Agnes Scott Gives." Volunteer Board, Circle K and Mortar Board are three of the student groups that lead the college community in service beyond the campus. This week as the country pauses to give thanks for the good things in life, several people have said thanks to Agnes Scott. The Harvest Basket Program produced 21 baskets of supplies for the Decatur Cooperative Ministry, Our House and the DeKalb Women's Resource Center. All three agencies asked the Volunteer Board to say thanks to this community for them. AID Atlanta sent word that Agnes Scott raised \$1900 in the AIDs Walk. The Renfroe Middle School volunteer coordinator sent word that volunteers from Agnes Scott gave 49 hours in October alone. The director of the DeKalb Rape Crisis Center wrote to say thanks for the half dozen volunteers from Agnes Scott who give time to the crisis line.

Students, faculty and staff at Agnes Scott volunteer all year long. Some build Habitat House. Some are Best Buddies. Some people volunteer once a week. Some volunteer once a semester. All of those efforts add up to involvement in this city that people really appreciate! To find a place to volunteer this year, check out the Volunteer notebook in Winship, G-42, the bulletin board across from the mailboxes, or talk to someone on Volunteer Board, Mortar Board, Circle K or Paige McRight. There is a place to get involved!

## DEADLINE FOR 410 AND CROSS REGISTRATION REQUESTS IS NOV. 28

## Q & A

**Q:** When do the new telephone books arrive?

**A:** Southern Bell 1995 directories will be stacked in lobbies, ready for pick up after Christmas break. Before leaving campus for the holidays, students should deposit 1994 Southern Bell telephone books in building lobbies. Faculty and staff may deposit their directories in designated areas when new books arrive in mid-December. Signs will be posted at designated areas.

**THANKS FROM BERTIE BOND**

*For the honoree, "Bertie Bond Day" on Nov. 30 was a grand occasion—filled with fun and festivity and friendship. The tea, which was the highlight, was elegant, and the program quite meaningful. All of this could not have happened without the thoughtful planning and hard work of many people on this campus. I thank you—one and all—for a day which I shall always remember with gratitude.* - Bertie Bond
